FOOD STALL CHECKLIST

Pre-event preparation and set up

	Food must be prepared as close as possible to the time o readily perishable food must be refrigerated. (Please note	f the event. If prepared the night before, all		
	reheated food not sold on the day must be disposed of.) Food must be transported and stored on site in covered c bin at a temperature less than 5°C, or hot-hold above 60°			
	Food must be stored at least 450mm above the ground			
	For public safety, any cooking unit must not be facing the public or be accessible to the public. Stallholders utilising open fires (eg BBQs) must have access to a fire extinguisher or fire blanket. LPG cylinders are to be properly secured, stored in an open area and all connecting hoses must be in good repair			
	There must be some form of ground covering under the casheet etc)			
Durin	ing the event			
	Cooking and hot or cold holding equipment will be adequated no small single burners underneath very large pots)	ate for the quantity of food being cooked/ sold (ie		
	Actual preparation of food at the event, as distinct from cooking of food, must be kept to a minimum			
	People handling food must wear appropriate protective clothing to protect the food from contamination by their ordinary clothes and/or hair			
	People handling food must take care to regularly wash the gloves available	ple handling food must take care to regularly wash their hands. Keep a good supply of protective res available		
	ney			
	poked food, or vegetables eaten raw (lettuce, grated carrot etc) must not come into contact with raw eats or any surfaces or utensils used to prepare raw meats			
	Ensure all hot food is placed in a food warmer after cooking, or served immediately. Keep readily perishable food hot (above 60°C) or cold (at 5°C or less). A thermometer will be useful to verify temperatures			
	Only single service containers are permitted (plates, cutle	Only single service containers are permitted (plates, cutlery etc)		
	Stallholders are required to have ready access to toilets (with wash hand basins), which are located in close proximity to their stall			
	Stallholders selling medium to high risk foods are required to have a continuous supply of hot water for the washing of hands and cleaning of utensils at the stall site. All waste effluent water must be collected in a suitable container for disposal in a sewer drainage system			
		Iholders operating a sausage sizzle or selling pre-packaged low risk foods are required to use osable gloves (which are changed regularly) and an alcohol-based hand sanitiser		
	All rubbish generated by the activities at the cooking area and at the venue in general must be kept tidily in bins with lids and collected and removed from the site at the end of the day			
	I have read and understood this checklist. I am aware that if these are not followed, my stall may be closed down

This copy to be signed and returned with your application form to: Hutt City Council, 30 Laings Road, Lower Hutt 5010, or Private Bag 31912, Lower Hutt 5040

contact an Environmental Health Officer at the Hutt City Council, telephone: (04) 570 6666

MINIMUM STANDARDS FOR FOOD STALLS

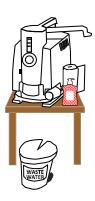

All foods prepared inside stall
No food stored directly on ground
Overall clean condition
Floor covering –easy to clean, impervious material

Low-risk

Minimum hand and utensil washing facilities for low risk food stalls

Cold water supply and hand santiser, paper towels and disposable gloves

Medium-to-high-risk – temporary

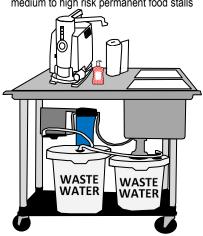

Minimum hand and adequate utensils washing facilities for temporary medium to high risk food stalls

Hot and cold water for cleaning and washing hands (hot water can be supplied using an urn or thermos). Plus an adequate supply of utensils

Medium-to-high-risk – permanent

Minimum hand and utensil washing facilities for medium to high risk permanent food stalls

One hot water system with a double sink – one for cleaning and the other for hand washing. Even if you have adequate utensils you still require wash-up facilities for spillages that may occur

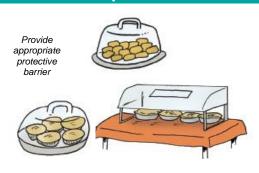

Please seek advice from an Environmental Health Officer to find out what category is appropriate for your situation

Food handlers

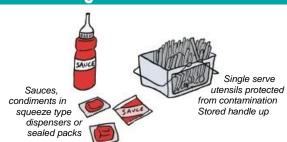

Hands must be washed whenever dirty, after handling raw food, or after visiting the toilet

Food display, food protection

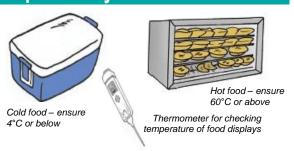

Signage must be provided to all taste testing stating "use of disposable tasting implements or utensils only

Sauces, condiments and single serve utensils

Temperature control of potentially hazardous food

Permanent food stall operators, must check with market organisers regarding specific conditions relating to the setup of stalls (eg some market operators may not allow gazebo style set ups – only mobile caravan units)
