Hi [REDACTED]

I have checked and we only have the report that you have referenced, and I don't have the underlying data on file. So unfortunately I am unable to help.

The only other document is a file showing data sources, attached, and one for the solid waste emissions.

It is likely that AECOM will still have the underlying data on file, I would be happy for you to contact Anthony Hume, [REDACTED] to see if they can share this with you.

Kind regards

Jörn Scherzer
