Request for Information – Local Government Official Information and Meetings Act 1987

We refer to your official information request dated 10 July 2021 for information regarding the army exercise conducted at the Wainuiomata Airsoft facility on 10 July 2021.

The information you have requested is enclosed.

1. Who authorised the use of the site for an Army exercise involving prolonged and repeated discharge of semi automatic military weapons with a few hundred metres of residences and livestock?

Response: Janet Lawson authorised the activity which involved blank firing within the bush area behind the airsoft site and other activities nearby.

2. How, when and where was the Army exercise communicated to the community? What sort of lead time was given between communication to the community and the exercise being undertaken?

Response: Communication is the responsibility of the event organiser.

As is normal procedure for any training event in the vicinity of residential areas, Wellington Company placed a notice with information about the exercise in the local paper. A copy of the notice is included in the release documents. Additionally signage noting that an exercise was being undertaken was placed at road entrances. Staff visited adjoining properties prior to any blank firing taking place to ensure neighbours were aware of the training, although nobody was home when staff visited.

3. Given HCC's almost constant engagement with residents in the section of Coast Road from around 190 Coast Road down to 361 Coast Road regarding noise concerns related to the HCC Clean Fill operation on Coast Road, why was a direct communication not sent to known affected parties?

Response: Please see response to question two.

4. In addition to responding to the above questions, please provide all communications between Council and the Army (regular forces or the reservist organisation) related to the exercise.

Response: Please find this information attached as Appendix 1. Certain information has been withheld under section 7(2)(a) of the Local Government Official Information and Meetings Act to protect the privacy of named individuals. In doing so, we considered the public interest in making the information available and have determined that it does not outweigh the need to protect the privacy of these persons.

5. Please also provide all documentation regarding the exercise that HCC has which I expect should include at a minimum a Health and Safety plan, a range plan (as per normal shooting range operations), a Risk Assessment document and a communications plan

Response: All information is included as attachments to the emails in Appendix 1.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Please note that this letter (with your personal details removed) may be published on the Council's website.

Kia ora Janet,

My name is [REDACTED], myself and [REDACTED] have taken the planning of training for 5/7 RNZIR, Wellington Company. I believe [REDACTED] was in communication with you in regards to our planned training inside the Wainuiomata Airsoft grounds.

I've attached the Consent form for your approval and an aerial photo of area that we will be using. Below are details of our planned training.

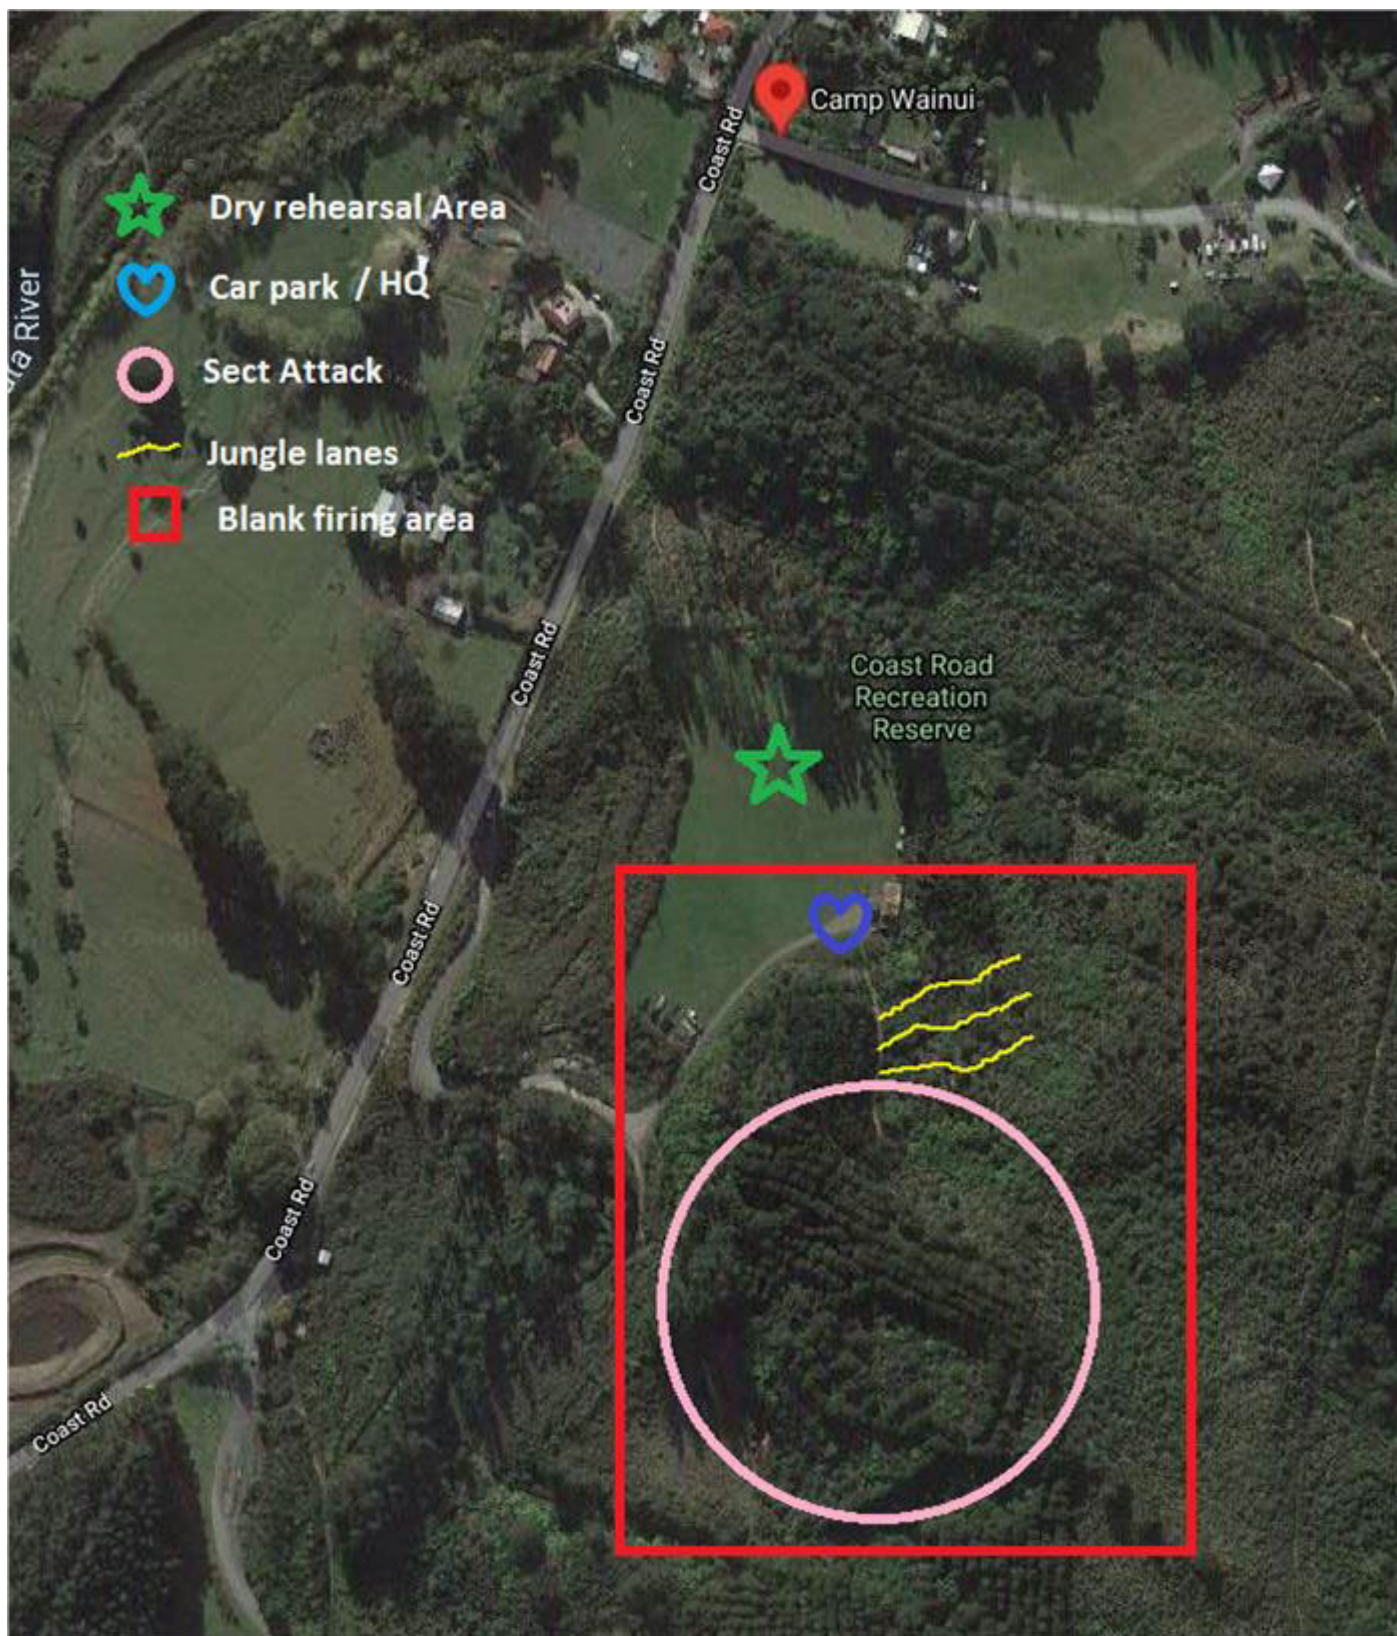

Who: 5/7 Battalion RNZIR, WGTN COY (NZ ARMY), approx. 30 – 40 reserve soldiers

When: 10 Jul 2021, 0700 – 1700

Where: Wainuiomata Airsoft grounds (between Camp Wainui and landfill site). We won't require the use of the land fill site, we will only use the Airsoft grounds

What: Soldiers will be conducting blank firing training focusing on close country (bush) tactics. Training on how to manoeuvre and fight in bush environment. We will also be doing med and communication training and dry (no firing) training in the car park / open grounds. We will travel in 1 x unimog, 4 x 12 seater vans and a 4WD ute. All vehicles will only use formed tracks.

Why: To improve our soldiers ability to operate in close country environment.

Thank you for your support, please let us know if there's any issues.

Kind Regards

Good afternoon Janet,

Thank you for your time on the phone earlier. As discussed we would like to use the airsoft site and some of the land to the south (rehabilitated landfill area) for a training day on 10 July this year. The key activities we will be conducting in the area will include medical training, blank firing and patrolling.

With regard to the blank firing, we will be using 5.56 mm blank with blank firing adapters, for which the sound emission levels are about 95 dB at the muzzle. The firing will be in the bush well above the airsoft clubrooms (as indicated on the map below) so it will attenuate rapidly – while the neighbours may hear it, it will not be loud enough to startle any horses/livestock. We will not be using our machineguns, which are a larger calibre and significantly louder.

Regarding the use of the land to the south, I have indicated roughly where we intend to run a patrolling activity on the map below. It will use the pines to the right of the track leading up the spur from the gate. The soldiers will be carrying rifles but there will be no blank firing in this area. Would it be possible to gain vehicle access to this site please? This would allow the soldiers to be driven between the airsoft site and the old landfill, preventing a scenario where armed soldiers are seen walking along the road!

If the request outlined above sounds acceptable could you please let me know and I will email you an NZDF land clearance form to formalise access to both sites. Please let me know if you have any questions.
