---

Tēnā koutou,

My apologies for this very late email to you all. I had assumed that I had sent an email out to you all early last week to provide you with an update on our engagement plan. However, I have just found the email in my outbox and assume that the email did not get sent due to some system issues we experienced last week.

Kaimahi from Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira commenced engagement with the neighbourhood regarding Te Whare Whakaruruhau o Raumanuka with a mail drop on Monday morning (4 Oct 2021).

Please see attached, the letter and fact sheet that went out in the mail drop to approx. 160 homes that are within the closest proximity to the proposed whare.

Our intention is to be available for the next 4 weeks (until Monday 1 November) to hold kanohi ki te kanohi hui with any of the neighbours who are interested in having a kōrero with us.

We have an online booking system to enable neighbours to book a meeting time with our kaimahi at <https://bookings.gettimely.com/raumanuka/bb/book> where we are available during weekdays (Monday to Friday, 9.30am – 5.30pm, with longer hours on Tuesday and Thursday until 7.30pm) to accommodate those whānau who are at mahi and can't meet during working hours.

For those who do not wish to meet kanohi ki te kanohi, we have also enabled phone and online conferencing if they prefer.

Additionally, we have a website [www.raumanuka.co.nz](http://www.raumanuka.co.nz) and whānau can contact us on 0800 100 160 or email [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz)

As well as these opportunities, we are currently working on the opportunity to tap into existing community meetings and events over the coming month to hold both formal and informal conversations with the community.

Please feel free to get back to me if you require any further information.

Ngā mihi,

Gabrielle Para.

**Subject:** Te Whare Whakaruruhau o Raumanuka Transitional Housing Update

Kia ora koutou,

Firstly, on behalf of Te Rūnanga o Toa Rangatira, I would like to extend our warm thanks and gratitude to you for supporting us and Te Rūnanganui o Te Ati Awa in our transitional housing kaupapa, to awhi and tautoko tane Māori on their release from correctional facilities through our Te Whare Whakaruruhau o Raumanuka programme.

Te Whare Whakaruruhau o Raumanuka will look to establish our transitional housing and 24/7 wrap-around support service in the Naenae community.

The kaupapa is very closely aligned to both rūnanga strategic objectives to support and enable positive whānau health and wellbeing and we are excited with the prospects of being able to deliver a meaningful and important service to our tane and their whānau who need it.

Due to the recent COVID-19 outbreak in Aotearoa, we have had to delay our kanohi ki te kanohi (face to face) engagement with the neighbours where we will look to establish transitional housing for Te Whare Whakaruruhau o Raumanuka.

Meeting with the neighbours is very important to us so we are currently in the process of readjusting and updating our approach to ensure that we have meaningful kōrero but we are also able to meet the health and safety requirements of Alert Level 2.

We had hoped that updating our plans would be much quicker, however due to the redeployment of all kaimahi across both rūnanga to support the COVID-19 response effort in our communities, we have only just commenced updating our plans.

We expect to have an updated approach next week with the intention to commence engagement from 20th September. We are planning to offer neighbours the ability to kōrero to us directly via online means, as an alternative to kanohi ki te kanohi, as well as investigating how and where we can continue to offer kanohi ki te kanohi kōrero for those who would prefer this approach.

Feel free to contact me at this email address or on [REDACTED] for any further information.

Ngā mihi,

Gabrielle Para.

TE WHARE WHAKARURUHAU O  
**RAUMANUKA**

Monday 4 October 2021

Tēnā koe,

We are writing to let you know about Te Whare Whakaruruhau o Raumanuka, a residential service that Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira want to establish within the Naenae community at 28A – 28E Treadwell Street and 24 and 26 Rata Street.

This letter provides you with information about Te Whare Whakaruruhau o Raumanuka and our commitment to keep you fully informed of what is happening within our community.

#### **ABOUT TE WHARE WHAKARURUHAU O RAUMANUKA**

Te Whare Whakaruruhau o Raumanuka is committed to fostering positive transformational change and empowering tane Māori to be rangatira for their whānau, hapū and iwi.

Using a kaupapa Māori, tikanga-led framework, our mahi recognises that all tane Māori are vital and integral members of their whānau, with significant and meaningful contributions to make.

As a service for tane Māori who have been released from corrections facilities or are serving community-based sentences, Te Whare Whakaruruhau o Raumanuka will provide a safe environment that aims to tautoko, awhi and manaaki tane in their journey of reconnection. Most, if not all tane will be from the Wellington region and may whakapapa to Ngāti Toa Rangatira or Te Ati Awa.

Ngāti Toa Rangatira and Te Ati Awa hold long and wide-reaching aspirations for the health, wellbeing and prosperity for our whānau, delivered through a Te Ao Māori lens.

Together, and working in partnership with Ara Poutama Aotearoa (the Department of Corrections) our collective iwi will provide Te Whare Whakaruruhau o Raumanuka, an iwi-led service that provides transitional housing, 24/7 wrap around support and access to kaupapa Māori health, social, education, employment and cultural services for up to 18 months.

Without a service like this, many of the men who might live at the property would end up living somewhere else in the Naenae community or wider Wellington region without the wrap-around support that they need. Some of them may end up homeless or in unsuitable accommodation, which can lead to reoffending.

#### **Public safety is our top priority**

- Residents will undergo a robust assessment and selection process
- A person will not be permitted to reside at the property if we think the risk to public safety could not be safely managed
- Our experienced kaimahi will provide 24-7 onsite wrap around support for residents, with at least two staff members at all times
- We will install outdoor CCTV cameras to monitor activities at the properties
- Men with convictions for sexually offending against adults and children will not be permitted to live at the properties
- Residents will agree to the tikanga and kawa while living at the property, including a ban on alcohol and drugs and requiring approval for any manuhiri

- Residents will be required to demonstrate that they are making efforts to distance themselves from any gang connections and will not be permitted to wear or display gang regalia on the property
- Residents will be subject to the conditions of their sentence or order.

**We want to give you the opportunity to kōrero to us**

As mana whenua of the Wellington region and part of the Naenae community, we are committed to delivering this community-based and iwi-led service.

We have carried out our due diligence and we are confident that the support that we are able to provide will be of benefit to the entire community.

To further strengthen our mahi, ensure the success of the kaupapa and maintain the safety of our community, we want to understand the needs, aspirations, concerns and challenges for our neighbours.

We welcome the opportunity to kōrero to you, to ensure that you and your whānau are included in the development of our proposal, the tikanga and kawa of our kaupapa and address any concerns that you may have.

Representatives from our iwi and our service will be available to meet with individuals or whānau at your whare or at an alternative location from Monday 4 October 2021 to Monday 1 November 2021. They will be available during weekdays from 9.30am – 5pm, with extended availability on Tuesday and Thursday evenings until 7pm throughout this four week period.

If you would like to meet with us, you can use our online booking system

<https://bookings.gettimely.com/raumanuka/bb/book> to schedule a meeting time that suits you.

If booking online is not easy for you, or you would prefer to organise an online or telephone hui with us, you can also email us at [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz) to schedule a meeting time.

If you are a tenant at your whare, we welcome the opportunity to kōrero with your landlord. Please feel free to share this information with your landlord or property manager so they are also able to make contact with us.

**For more information**

There are a number of ways to find more information about Te Whare Whakaruruhau o Raumanuka.

Visit our website at [www.raumanuka.co.nz](http://www.raumanuka.co.nz)

Phone: 0800 100 160

Email: [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz)

Ngā mihi,

**Wirangi Luke**  
Chief Executive Officer  
Te Rūnanganui o Te Ati Awa.

**Helmut Modlik**  
Chief Executive Officer  
Te Rūnanga o Toa Rangatira.

Te Whare Whakaruruhau o Raumanuka is a community-based, iwi led transitional housing service to support tane Māori who have been released from a corrections facility, or given a community-based service with support to reconnect with their whānau and the community.

Te Whare Whakaruruhau o Raumanuka is a programme delivered by Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira, with the support of Ara Poutama Aotearoa.

## About Te Whare Whakaruruhau o Raumanuka

### Who is the service for?

The service will be for tane who are motivated and committed to successfully transition into living in the Wellington region and who need the wrap-around support that the service can provide.

They will whakapapa to or have close whānau ties with Ngāti Toa and Te Āti Awa and are committed to maintaining the tikanga and kawa of our kaupapa.

### Is this a prison or corrections facility?

No, Te Whare Whakaruruhau o Raumanuka is not a prison or a corrections facility. It is a kaupapa Māori supported accommodation that provides wrap around support and navigational services.

Only people serving community sentences and orders will live in our whare. Residents will be expected to maintain a strong commitment to the tikanga and kawa of our kaupapa.

### How long will residents live at the service?

Most residents will live at the service between six to twelve months, but some may stay for up to eighteen months if they need further support to reconnect with their whānau and the community. Residents will be supported to move out earlier if they are ready and have found suitable long-term accommodation.

They will continue to receive support after they have moved out, as they transition to life in the community.

### How will the residents be selected?

If someone is interested in living in the whare, they will be part of a careful and robust assessment and selection process.

In assessing their suitability, our service will carefully consider:

- Their motivation to rehabilitate to a crime-free life
- Any rehabilitation programmes they have undertaken
- Whether they will get on with other residents in the service
- Whānau connections in the area
- Any risk to public safety or victims
- Their demonstrated motivation to distance themselves from any gang connections.

### Will there be any rules and regulations within the whare?

All residents will need to agree to the tikanga and kawa of our kaupapa. Our tikanga and kawa will be firm but fair, to ensure the safety of all our residents, kaimahi and the community.

Our kawa will include a curfew, clear times for manuhiri and a ban on drugs and alcohol.

Additional to our tikanga and kawa, residents will also need to comply with any conditions they have on their sentence and orders.

The residents must demonstrate motivation to be accepted into the service, and this includes distancing themselves from gang members. Gang regalia will not be permitted in the property or worn by residents or manuhiri.

## Our priority is to ensure community safety

### How will we keep the community safe?

The safety of the community is our top priority.

A person will not be permitted to reside at the whare if we think the risk to public safety could not be safely managed.

Our kaimahi will provide 24-7 onsite wrap-around support for residents, with at least two staff members awake at all times in 28A-28E Treadwell Street and two covering both 24 and 26 Rata Street.

We will install outdoor CCTV cameras to monitor activities on each property.

Residents will be selected through a careful and robust assessment and selection process and must be committed and motivated to future-focused transformational change and leading healthy, safe and resilient lives.

Men with current or historic convictions for sexual offending against children or adults will not be eligible for the service.

Residents must commit to living by the tikanga and kawa of our kaupapa and Ara Poutama Aotearoa and the New Zealand Police will be responsible for any enforcement action taken if residents place themselves, other residents, our kaimahi or the community at risk.

Ara Poutama Aotearoa and Police will act swiftly to address any actions by residents that place themselves, our kaimahi or the public at risk, or breach any parole or sentencing requirements. Unsafe or antisocial behaviour will not be tolerated and could lead to being withdrawn from the whare and facing enforcement action before a court or the New Zealand Parole Board.

### Will men with high or complex needs be eligible to live at the service?

No, men with high or complex needs will not be eligible.

This includes men who:

- Present as being at high risk of harm to others
- Have a high risk of serious reoffending, such as highly violent or sexual offending
- Have serious addiction or substance abuse issues
- Have acute mental illness
- Have cognitive impairments.

Men with historic convictions for sexually offending against adults and children will not be permitted to live at the service.

---

### Can the community provide feedback?

Āe, we welcome feedback and input from the wider community to provide feedback to assist in the development of our tikanga and kawa.

As mana whenua in the region, Te Ati Awa and Ngāti Toa Rangatira are committed to delivering this service and ensuring that the tikanga and kawa of our service is maintained at all times.

Kia ora Andy

Thank you for taking the time to review and provide feedback. I agree with the points you have raised particularly about what the community can control should concerns be raised. We'll ensure a section is added in addition to the additional considerations you have listed.

Nga mihi

Andy

On 26/09/18, 9:19 AM, "Andy Mitchell" <andy.mitchell@hobart.govt.nz> wrote:

Thank you Andy,

The Key Management document is very good. It is, with good reason, very "service focused" as how residents will be managed onsite. Local's' concerns will related to their behaviour out in the wider community. I think this will largely be out of your control, but perhaps if anything you could include a paragraph about how anyone will be able to raise any concerns about the facility with the operators as they arise?

On your Engagement Sub-liable Plan:

- Neighbourly residents should include 1-12 Donkey Street
- Hobart City Council should include: Resident, Neighbourhood, Childrens (family youth facility) and Neesma Library, who interact daily with the local community and are a central for information
- Education providers should include: Neesma, Edgewater and Neesma College
- Teas Neesma Trust an another important community group
- The Police Mission an another local provider of support services, based in Hobart Coast
- Perhaps consider including Neesma In-telleg 5/58 and operators of local bars - Neesma Head (new owner is socially minded) and Otagoys Head?

Kia ora koutou,
This is the updated invitation for the meeting the meeting postponed from June.
I am writing to inform you of a proposed support accommodation service that Department of Corrections, Ngāi Toa and Te Ahi Aoa want to establish in Naamae, Lower Hut. The name of the proposed service will be Te Ahau Mōwai o Kaitiaki. An interpretation in "A Sāi Haven o Kaitiaki" also meaning "Under the protection of our ancestral mountains Kaitiaki".

- \* Alan Chen, Housing, MP for Kaitiaki
\* Han Mika Whaitiri, MP for Barrow-Ōpāroa
\* Campbell Burns, Mayor for Lower Hut
\* George Anderson, MP for Rotorua South
\* Chris Ebdon, National List MP
\* Lady Mitchell, Naamae Ward Councillor
\* Andrew Blacklock, Acting Chief Executive, Hat City Council.

- \* Andrew Moffat, CEO, Te Kaitiaki o Te Kaitiaki
\* Frank Laker, CEO, Te Kaitiaki o Te Ahi Aoa
\* Kaitiaki Kaitiaki, Chairman, Te Kaitiaki o Te Ahi Aoa
\* Callum Kaitiaki, Chairman, Te Kaitiaki o Te Kaitiaki
\* James Stewart, Chief Operating Officer, Te Kaitiaki o Te Ahi Aoa
\* Paul Wilson, Development Manager, Te Kaitiaki o Te Ahi Aoa
\* Catherine Park, Communications Specialist, Te Kaitiaki o Te Kaitiaki
\* Paula Collins, Regional Commissioner of Lower North, Department of Corrections
\* Alan Palmer, District Manager Wellington, Department of Corrections
\* Brian Kelly, Programme Manager Housing and Support Services, Department of Corrections.

I would kindly appreciate it if you would treat the information in this email with sensitivity.

TE WHARE WHAKARURUHAU O  
RAUMANUKA

Monday 4 October 2021

Tēnā koe,

We are writing to let you know about Te Whare Whakaruruhau o Raumanuka, a residential service that Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira want to establish within the Naenae community at 28A – 28E Treadwell Street and 24 and 26 Rata Street.

This letter provides you with information about Te Whare Whakaruruhau o Raumanuka and our commitment to keep you fully informed of what is happening within our community.

**ABOUT TE WHARE WHAKARURUHAU O RAUMANUKA**

Te Whare Whakaruruhau o Raumanuka is committed to fostering positive transformational change and empowering tane Māori to be rangatira for their whānau, hapū and iwi.

Using a kaupapa Māori, tikanga-led framework, our mahi recognises that all tane Māori are vital and integral members of their whānau, with significant and meaningful contributions to make.

As a service for tane Māori who have been released from corrections facilities or are serving community-based sentences, Te Whare Whakaruruhau o Raumanuka will provide a safe environment that aims to tautoko, awhi and manaaki tane in their journey of reconnection. Most, if not all tane will be from the Wellington region and may whakapapa to Ngāti Toa Rangatira or Te Ati Awa.

Ngāti Toa Rangatira and Te Ati Awa hold long and wide-reaching aspirations for the health, wellbeing and prosperity for our whānau, delivered through a Te Ao Māori lens.

Together, and working in partnership with Ara Poutama Aotearoa (the Department of Corrections) our collective iwi will provide Te Whare Whakaruruhau o Raumanuka, an iwi-led service that provides transitional housing, 24/7 wrap around support and access to kaupapa Māori health, social, education, employment and cultural services for up to 18 months.

Without a service like this, many of the men who might live at the property would end up living somewhere else in the Naenae community or wider Wellington region without the wrap-around support that they need. Some of them may end up homeless or in unsuitable accommodation, which can lead to reoffending.

**Public safety is our top priority**

- Residents will undergo a robust assessment and selection process
- A person will not be permitted to reside at the property if we think the risk to public safety could not be safely managed
- Our experienced kaimahi will provide 24-7 onsite wrap around support for residents, with at least two staff members at all times
- We will install outdoor CCTV cameras to monitor activities at the properties
- Men with convictions for sexually offending against adults and children will not be permitted to live at the properties
- Residents will agree to the tikanga and kawa while living at the property, including a ban on alcohol and drugs and requiring approval for any manuhiri

- Residents will be required to demonstrate that they are making efforts to distance themselves from any gang connections and will not be permitted to wear or display gang regalia on the property
- Residents will be subject to the conditions of their sentence or order.

**We want to give you the opportunity to kōrero to us**

As mana whenua of the Wellington region and part of the Naenae community, we are committed to delivering this community-based and iwi-led service.

We have carried out our due diligence and we are confident that the support that we are able to provide will be of benefit to the entire community.

To further strengthen our mahi, ensure the success of the kaupapa and maintain the safety of our community, we want to understand the needs, aspirations, concerns and challenges for our neighbours.

We welcome the opportunity to kōrero to you, to ensure that you and your whānau are included in the development of our proposal, the tikanga and kawa of our kaupapa and address any concerns that you may have.

Representatives from our iwi and our service will be available to meet with individuals or whānau at your whare or at an alternative location from Monday 4 October 2021 to Monday 1 November 2021. They will be available during weekdays from 9.30am – 5pm, with extended availability on Tuesday and Thursday evenings until 7pm throughout this four week period.

If you would like to meet with us, you can use our online booking system <https://bookings.gettimely.com/raumanuka/bb/book> to schedule a meeting time that suits you.

If booking online is not easy for you, or you would prefer to organise an online or telephone hui with us, you can also email us at [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz) to schedule a meeting time.

If you are a tenant at your whare, we welcome the opportunity to kōrero with your landlord. Please feel free to share this information with your landlord or property manager so they are also able to make contact with us.

**For more information**

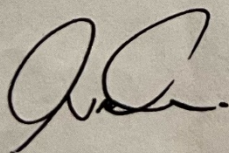

There are a number of ways to find more information about Te Whare Whakaruruhau o Raumanuka.

Kia ora Mel

When we met a few weeks ago we committed to sending through the relevant sections of our Comms and Engagement Plan for your review and comment.

I didn't have Dep-Mayor Tui, Cr Andy or your colleagues email so please forward to them. This kaupapa has yet to officially 'kick-off' so can we please request that these documents not be distributed wider than those requested in this email.

If you have feedback we ask this be sent to us for consideration by Friday 25 June. I'm out of town next week but I have cc'd our team into this include Gabrielle Para our iwi communications specialist working on this kaupapa.

Nga mihi  
Jennie

# Appendix four: Naenae residential service key messages

DRAFT

The document provides key messages and frequently asked questions to support the community engagement activity for this service. This document will continually be updated as required with more details as new messages are developed.

## Frequently asked questions

---

### 1. Service

#### **What do we want to do?**

We want to establish a kaupapa Māori transitional housing service at 28A-28E Treadwell Street and 24 and 26 Rata Street, Naenae for up to twenty six men who will receive 24-7 on-site wrap-around support to help them transition to independent living in the Hutt Valley and Wellington region. The service will be delivered by a new Ngāti Toa and Te Āti Awa service provider. Ngāti Toa and Te Āti Awa will designed the service, working closely with Corrections.

#### **Why are we doing this and what are the benefits to the community?**

There is a significant need for supported housing in the Wellington region for men being released from a corrections facility or needing suitable accommodation to serve a community-based sentences. Around 150 men were released from a corrections facility to the Wellington Region between December 2020 and June 2021. Of those around 80 identified an accommodation need.

Without a service like this, many of the men who might live at the service would end up living in the Hutt Valley and Wellington region without the wrap-around support that this service will offer. Some of them may end up homeless or in unsuitable accommodation, which can lead to reoffending.

We know that if we provide residents with a kaupapa Māori service that provides 24-7 support around employment, education, training, and life skills, they will be more successful transitioning back into community life. This service will provide the much-needed foundation for residents to reintegrate into the Wellington community.

#### **How will we support residents?**

Staff will provide 24-7 wrap-around support and navigational services to each resident to help them to successfully reintegrate into the community. Staff will work with probation officers and other Community Corrections staff, local social service providers, Work and Income and other agencies to support to residents to:

- Find employment
- Ensure they have the clothing, equipment, and transport options to remain employed
- Pursue further training and education
- Address health needs
- Develop life skills, such as parenting, budgeting, managing a household or getting a licence
- Build connections with whānau and the wider community
- Strengthen connections to whakapapa and te ao Māori
- Find suitable long-term accommodation in the Hutt Valley.

#### **Is this a prison or a corrections facility?**

No, this is not a prison or a corrections facility. This will be a kaupapa Māori supported accommodation service.

Only people serving community sentences and orders will live there. The residents will not be detained by Corrections or staff and will be free to come and go, within the restrictions of the house rules and any conditions on their sentences or orders.

#### **How long will residents live at the service?**

Most residents will live at the service between six to twelve months, but some may stay for up to eighteen months if they need further support to reintegrate into the community. Residents will be supported to move out earlier if they are ready and have found suitable long-term accommodation. They will continue to receive support after they have moved out, as they transition to life in the community.

#### **Will residents choose to live there?**

Residents will be self-motivated to live at the service and will have to undertake a careful and robust assessment and selection process. The service will be opt-in and a resident will not be ordered to live there by the judiciary.

### **How will we manage visitors?**

Visitors must be pre-approved and will have to apply to visit. They will only be able to visit at pre-arranged set times and must comply with the house rules while at the property. If visitors do not follow the house rules, it may result in them being banned from the property. Gang regalia will not be permitted to be worn by visitors.

### **How will this address regional homelessness?**

All residents will have an identified housing need. Without this service, some of the residents could find themselves homeless or in unsuitable accommodation, without any support. This creates conditions that can lead to reoffending.

## **2. Residents**

### **Who will the residents be?**

The service will be for men who are motivated to successfully transition into living in the Wellington region and who need the wrap-around support that the service will provide. They will whakapapa to or have close whānau ties with Ngāti Toa and Te Āti Awa, who are mana whenua in the area. They will have opted in to live at the service and will be committed to being employed, furthering their education or in training while living there.

### **Where will the residents be from?**

Most will be from the Wellington region and all will have either close whānau ties with Ngāti Toa and Te Āti Awa, who are mana whenua in the area. All residents will be committed to living in the region long-term.

### **How will we select the residents?**

If someone is interested in living at the service, they will have to undertake a careful and robust assessment and selection process.

For residents released from a corrections facility, their case manager will work closely with them and iwi staff to determine if they are suitable. This way staff will be certain that the resident will be a good fit and ensures that, when the resident is released to live at the service from a facility, they already have a positive relationship with some of the support staff.

Some residents will be sent to live at the service by a Court as part a community-based sentence. For a resident to be referred to live at the service by a Court, they must first have opted in by expressing their interest to their probation officer. The probation officer will work with the potential resident and the service provider to assess if they would be suitable and, if they are, they will recommend this to the Court, which makes the final decision.

In assessing their suitability, the case manager or probation officer will consider:

- Their motivation to rehabilitate to a crime-free life
- Any rehabilitation programmes they have undertaken
- Whether they will get on with other residents in the service
- Whānau connections in the area
- Any risk to public safety or victims
- Their demonstrated motivation to distance themselves from any gang connections

If they are being released from a corrections facility, their case manager will also consider their individual reintegration needs assessment plan.

If they are being sent to live at the service by a Court as part a community-based sentence, their probation officer will also consider whether they are employed and if the location of the service is close to their job, programmes, counselling services and whānau.

### **What will typical daily life look like for residents?**

The service will operate like a supported flatting environment. Residents will be responsible for daily shared living activities, such as cooking, shopping for groceries, washing clothes and house cleaning. Most residents will be either employed or in training while living at the service, and those that are not will be actively supported to do so.

There will be a space at the properties for physical exercise and recreational activities. These will be encouraged and will contribute to the overall wellbeing of residents. As part of the service residents will be supported into self-directed leisure activities, such as waiata, learning to play a musical instrument or whakairo.

### **Will residents be employed or in training?**

Employment or training is an important support for people who are looking to transition into the community after being sentenced to a corrections facility or a community-based sentence.

Staff will work closely with Corrections employment teams, local employers, and government agencies, such as Ministry of Social Development to identify employment and training opportunities for residents to take up while living at the service.

Many of the residents who will have recently left a corrections facility will have completed trade training or participated in a Corrections release to work programme while serving their sentence in prison.

**Will residents agree to any rules or restrictions?**

Residents will agree to follow house rules, including a curfew, restrictions around visitors and a ban on alcohol. They will need to abide by any conditions they have on their sentences and orders, such as electronic monitoring or directives to not associate with certain individuals or groups. The residents must demonstrate motivation to be accepted into the service, and this includes distancing themselves from gang members. Gang regalia will not be permitted in the property or worn by residents or visitors.

**Will men with high or complex needs be eligible to live at the service?**

No, men with high or complex needs will not be eligible. This includes men who:

- Present as being at high risk of harm to others
- Have a high risk of serious reoffending, such as highly violent or sexual offending
- Have serious addiction or substance abuse issues
- Have acute mental illness
- Have cognitive impairments.

**Will men with historic convictions for sexually offending against adults and children be permitted to live at the service?**

No

**Will residents subject to extended supervision orders or intensive monitoring conditions be permitted to live there?**

No

## **Safety**

### **How will we keep the community safe?**

Public safety is our top priority, and a person will not be permitted to reside at the service if we think the risk to public safety could not be safely managed.

Staff will provide 24-7 onsite wrap-around support for residents, with at least two staff members awake at all times in 28A-28E Treadwell Street and two covering both 24 and 26 Rata Street. We will install outdoor CCTV cameras to monitor activities on each property.

Residents will be selected through a careful and robust assessment and selection process and must be identified as being motivated to take steps towards reintegrating into the community. Men with current or historic convictions for sexual offending against children or adults will not be eligible for the service.

Residents will have to agree to follow house rules such as a curfew, a ban on alcohol and requiring approval for any visitors. Some may be subject to electronic monitoring or directives to not associate with certain individuals or groups.

Antisocial behaviour or breaching the house rules will not be tolerated and could lead to being withdrawn from the service and facing enforcement action before a court or the New Zealand Parole Board.

We will provide a contact number for neighbours to talk with the service manager if there are any concerns.

### **Will this lead to an increase in local crime?**

We do not anticipate an increase in crime rates in Naenae as a result of the proposed service. To ensure this, we plan to work with local and regional Police. Corrections has many residential services like this set up throughout New Zealand and we are not aware of any increase in crime rates in neighbourhoods because of these.

### **Will this lead to an increase in local gang activity?**

We do not anticipate an increase in gang activity in Naenae as a result of the service. Corrections has many residential services like this set up throughout New Zealand and we are not aware of any increase in gang activity in neighbourhoods as a result of these.

Visitors must be pre-approved and will have to apply to visit. They will only be able to visit at pre-arranged set times and must comply with the house rules while at the properties. Antisocial behaviour from residents or their visitors will not be tolerated and may result in the resident being removed from the service. Gang regalia will not be permitted at the properties, nor worn by residents or visitors.

Public safety is our top priority. We have developed a comprehensive five-year gang strategy aiming to reduce the harm caused by gangs in correction facilities and the community. This includes taking all opportunities to support people with disassociating themselves from gangs and gang related activities.

### **How will we manage gang affiliations?**

Residents will be required to demonstrate that they are making efforts to distance themselves from any gang connections and will not be permitted to wear or display gang regalia on the properties. All visitors will be pre-arranged and will need to be approved in advance. They will have to comply with the house rules while at the properties.

Corrections takes all reasonable steps to discourage people we manage from gang membership by providing programmes and opportunities to support people in disassociating themselves from gangs and gang related activities. We have a comprehensive five-year gang strategy that is aligned to the Whole of Government Action Plan on gangs. This strategy works to ensure communities are less impacted by the antisocial and criminal behaviours of people who are affiliated with gangs by:

- Limiting the criminal behaviours of people under our supervision
- Promoting and enabling gang disengagement
- Promoting people to adopt prosocial lives.

### **How will we support residents to abide by the conditions and orders of their sentences?**

Dedicated probation officers will work closely with iwi staff and actively manage the conditions and orders of the sentences of all residents. If a resident breaches these, they may face penalties, such as increased reporting to Community Corrections, prosecution or being sent to a corrections facility.

Community Corrections staff manage around 30,000 people in the community and are very experienced in working with people released from a corrections facility or serving a community-based sentence or order. There are around 2500 people serving community-based sentences in the Wellington District.

### **How will we respond if a resident breaches their electronic monitoring condition?**

If a resident breaches their electronic monitoring condition by leaving the property without permission they are required to reside at, an alert will automatically be sent to staff at the GPS monitoring centre, who will then contact the supervising probation officer or service manager. The probation officer will contact on-site staff who will confirm that the resident has left the property and then call Police. If afterhours the GPS monitoring centre deal directly with Police. Police will work with the GPS monitoring centre to track the location of the resident and apprehend them.

### **Will victims be notified?**

Yes. Registered victims will be notified in accordance with our legal requirements around the Victims Notification Register. When assessing the suitability of any address for a person being released from a corrections facility, we check that the property is not near the residence of any registered victim.

## **3. Service provider**

### **Who will deliver the service?**

The service will be delivered by a new joint venture between Ngāti Toa and Te Āti Awa.

### **What other services and initiatives does Ngāti Toa and Te Āti Awa deliver?**

Ngāti Toa and Te Āti Awa deliver several services including:

- Health
- Social Services
- Alcohol and drug counselling

- Environmental
- Iwi radio
- Property development.

### **Why does Corrections work with service providers to deliver residential services?**

Corrections engages experienced service providers to provide the specialised skills needed to deliver residential services like this one. They work with Community Corrections staff, such as probation officers, to provide reintegration support for people who we manage. They have existing relationships with key local and regional stakeholders, such as health and hauora providers, employment brokers or agencies that provide training in living or budgeting skills.

Some of the service providers that we work with include Goodwood Park, Salvation Army, Emerge Aotearoa, and iwi-providers.

### **How many people use Corrections transitional accommodation services?**

Currently, around 1,100 people throughout New Zealand make use of our transitional accommodation services each year. This includes emergency accommodation, and supported services, like the one proposed for Naenae.

## **4. Properties**

### **How many residents will live at each property?**

The service will provide twenty-six beds operating from eleven homes across three sites in Naenae:

- 28A-28E Treadwell Street – up to eight residents, a whānau room and office space
- 24 and 26 Rata Street – up to eighteen residents and office space

Each resident will have their own bedroom. There will only be one resident per bedroom and sharing bedrooms will be prohibited. The properties will include CCTVs and electronic security to provide the community with reassurance that security measures are in place. The CCTV's will be inwards facing.

### **Why does the service operate from three properties?**

These are brand new homes and we want these men to live in a home environment.

### **Will the different properties provide different services?**

No. All services will be a kaupapa Māori transitional housing service.

### **Who owns the properties?**

Kāinga Ora – Homes and Communities purchased 28A-28E Treadwell Street, 24 and 26 Rata Street on behalf of Corrections. If we decide to go ahead, Ngāti Toa and Te Āti Awa will take on the lease.

### **What will the properties look like?**

There will be few indicators that it will be a Corrections transitional housing service. We will install discreet outdoor CCTV cameras, but these will look the same as any other outdoor security camera designed for a residential dwelling.

### **Why did we choose these properties?**

We reviewed several property options and decided that 28A-28E Treadwell Street, 24 and 26 Rata Street, Naenae were the best properties to establish the service. Some of the factors that influenced our decision were that they:

- Offer high-quality, well-built residential accommodation that aligns with the healthy homes standards
- Have good access to public transport for residents to access social services, employment, training and education

### **Will residents have access to vehicles?**

Yes. Ngāti Toa and Te Āti Awa will provide transport for the residents.

## **5. Engagement approach**

### **Will we engage with the community before we make our decision?**

We want to engage with local stakeholders and members of the community to find out how the proposed service will affect them and to explore how we can work together if we decide to go ahead. All feedback we receive from our engagement will be carefully considered.

### **How can I get in contact with you?**

If you have any questions about what we want to do, we would like to hear from you. Please contact us on:

- Phone: [insert phone number]
- Email: [insert email address].

DRAFT

# Detailed stakeholder engagement plan

Earliest date to engage	Stakeholder	Who engages	Outcomes	Method of engagement	Notes
12 July 2021	Chris Hipkins, MP for Remutaka	Paula Collins, Scott Palmer, Helmut Moklik, Wirangi Luke, Callum Katene, Kura Moeahu, Jennie Smeaton, Hata Wilson, Gabrielle Para	To note establishment of service	Email and invitation to meet kanohi kitea	All in one meeting

12 July 2021	Meka Whaitiri, MP for Ikaroa-Rāwhiti	Paula Collins, Scott Palmer, Helmut Moklik, Wirangi Luke, Callum Katene, Kura Moeahu, Jennie Smeaton, Hata Wilson, Gabrielle Para	To note establishment of service	Email and invitation to meet kanohi kitea	All in one meeting

Tena Koe Grace

Thank you Grace and Joni. I am keen to share our mahi for the Whare moving forward with our community. In a Partnership with Correction's Department we undertook a letter drop yesterday to 160 residential homes in close proximity to the Whare informing the residents of our intentions. I am keen to follow up with the rest of our community to ensure there is a balance view of both Ngati Toa and Te Atiawa Iwi manaaki aspirations for Tane to reconnection with their whanau and families.

I will await your speaking invite.

Nga mihi

Kia Ora Grace

I would like to e intro you to Hata Wilson he is leading Te Whare Whakaruruhau o Raumanuka.

This programme is providing a wrap around service to tane who will be recently released from prison. This programme is with a Te Ao Maori approach and will be a very different approach to what has been taken in the past.

Hata would like to present at Team Naenae hui to provide information about how they operate and what they will be doing.

If you are able to advise when is suitable for him to join a hui he would love to attend.

Nga mihi

Hi Caryn,

FYI – sending this as a heads up as this situation looks like it might blow up.

[REDACTED]

Campbell will be holding a meeting with Cr Mitchell on Thursday to hear concerns from residents, but ultimately this will be something that Iwi and Corrections will need to engage the community in.

Regards,  
Katie

Hi there,

Just an FYI that [REDACTED] has forwarded the Mayor through the email below from Waverley Jones re the Treadwell Street and Rata Street residential facility in Naenae.

The Mayor and Cr Mitchell will be meeting with some members of the community to hear their concerns around the facility this Thursday – is there anything you think we may need to know going into the meeting?

I'll let her know to contact [resource.consent@huttcity.govt.nz](mailto:resource.consent@huttcity.govt.nz) for any further queries regarding

consents for the Treadwell Street and Rata Street addresses.

Regards,

Katie

Thanks Katie

We would like to be made aware of any new or edited consents to do with those addresses. And put a hold on them until community has been addressed  
We think this is only fair and have faith our council will be supporting us

Hi Peter

Thanks again for sending through the consents for Rata and Treadwell. Just a couple of questions:

### 1. Confirmation of address - Treadwell St

I just need to double check addresses. The resource consent for Treadwell St you sent through is for a residential facility at 26D Treadwell (Lot 10 DP51360).

The letter the residents received is for a residential facility located at 28A - 28E Treadwell (Lot 1 - 5 DP552797 RT 957769).

I'm picking the addresses that got changed once the plan was deposited? Do you have a Council letter with the address change? I just want to be crystal clear of the address.

## **2. Care facility vs Residential Facility - clarification required**

Holly Jenkin's original CoC application and subsequent resource consent (RM200105) are for a 'care facility' in Treadwell St whereas you decline the CoC under the term 'residential facility' and also the resource consent decision talks about a 'residential facility'.

The reason I ask, the two categories fall within the same rule (4A 4.1.3 and 4F 4.1.3 (a), policies and objectives, but there is a subtle yet important difference in their definition in the plan.

A residential facility excludes a boarding house and detention facility.

The plan gives a definition of a detention facility as:

*"a building or buildings for the detention or accommodation of persons detained pursuant to any statutory provision, where such detention is imposed for the protection of members of the public."*

We understand it is proposed to have people reside at the Treadwell and Rata residential facilities who are currently undertaking a community-based sentence. There is potential for them to be monitored.

My interpretation of this is that they are in fact 'detained' pursuant to a statutory provision thereby making the two properties meet the definition of a 'detention facility'. Can yourself and James please provide Council's interpretation of this as soon as possible.

## **3. Number of people allowed at Rata St address**

I see the Rata St application was for one additional person (a manager to be onsite) so 11 people are consented to be onsite at one time.

I note that Rule 4A 4.1.3 states that:

*(a) The maximum number of people accommodated on site including **guests**, staff and permanent residents does not exceed 10.*

It is our understanding that residents will be granted access to visitors. If all the rooms are full, plus the staff are onsite, any visitors to the site will exceed what is allowed in the resource consent.

Do you recommend the client apply for an amendment to their consent or will the Council be involved in enforcing these numbers?

The immediate neighbours have only just found out about these properties and their use and have a number of concerns, once being blindsided by the placement of the houses.

I am helping some of the concerned residents gain information about the consenting process, hence my involvement.

I look forward to your reply

Kind regards

Hi Katie,

Thank you for organising. This meeting will be a great starting point will there be anyone from the iwi or corrections attending?

The community would like to have a follow up meeting with anyone invited ( first in first served with COVID restrictions)possibly could have a link via zoom for people unable to attend? Will talk to bowling club and see if they will be willing to hold it for us

Thanks

Hi Campbell,

Here is a letter we received in mail yesterday.

I'd like for you to please help out our community on this issue.

Placing these people here is a huge community risk! Not only for the young school kids walking to breakfast club within 100m of this place but also the schools in area.

10 years ago this place was unsafe, we had a gang pad on demspey street and drive by shootings. Since they have left this area has flourished with families and is a safe haven. We have little to no crime, our kids feel safe on the streets.

These houses are within half a km of a bottle shop, school, breakfast club, pokies and a pub

How is this logical to put them here!!

I'd like for you to take this matter higher please

TE WHARE WHAKARURUHAU O  
RAUMANUKA

Monday 4 October 2021

Tēnā koe,

We are writing to let you know about Te Whare Whakaruruhau o Raumanuka, a residential service that Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira want to establish within the Naenae community at 28A – 28E Treadwell Street and 24 and 26 Rata Street.

This letter provides you with information about Te Whare Whakaruruhau o Raumanuka and our commitment to keep you fully informed of what is happening within our community.

**ABOUT TE WHARE WHAKARURUHAU O RAUMANUKA**

Te Whare Whakaruruhau o Raumanuka is committed to fostering positive transformational change and empowering tane Māori to be rangatira for their whānau, hapū and iwi.

Using a kaupapa Māori, tikanga-led framework, our mahi recognises that all tane Māori are vital and integral members of their whānau, with significant and meaningful contributions to make.

As a service for tane Māori who have been released from corrections facilities or are serving community-based sentences, Te Whare Whakaruruhau o Raumanuka will provide a safe environment that aims to tautoko, awhi and manaaki tane in their journey of reconnection. Most, if not all tane will be from the Wellington region and may whakapapa to Ngāti Toa Rangatira or Te Ati Awa.

Ngāti Toa Rangatira and Te Ati Awa hold long and wide-reaching aspirations for the health, wellbeing and prosperity for our whānau, delivered through a Te Ao Māori lens.

Together, and working in partnership with Ara Poutama Aotearoa (the Department of Corrections) our collective iwi will provide Te Whare Whakaruruhau o Raumanuka, an iwi-led service that provides transitional housing, 24/7 wrap around support and access to kaupapa Māori health, social, education, employment and cultural services for up to 18 months.

Without a service like this, many of the men who might live at the property would end up living somewhere else in the Naenae community or wider Wellington region without the wrap-around support that they need. Some of them may end up homeless or in unsuitable accommodation, which can lead to reoffending.

**Public safety is our top priority**

- Residents will undergo a robust assessment and selection process
- A person will not be permitted to reside at the property if we think the risk to public safety could not be safely managed
- Our experienced kaimahi will provide 24-7 onsite wrap around support for residents, with at least two staff members at all times
- We will install outdoor CCTV cameras to monitor activities at the properties
- Men with convictions for sexually offending against adults and children will not be permitted to live at the properties
- Residents will agree to the tikanga and kawa while living at the property, including a ban on alcohol and drugs and requiring approval for any manuhiri

- Residents will be required to demonstrate that they are making efforts to distance themselves from any gang connections and will not be permitted to wear or display gang regalia on the property
- Residents will be subject to the conditions of their sentence or order.

**We want to give you the opportunity to kōrero to us**

As mana whenua of the Wellington region and part of the Naenae community, we are committed to delivering this community-based and iwi-led service.

We have carried out our due diligence and we are confident that the support that we are able to provide will be of benefit to the entire community.

To further strengthen our mahi, ensure the success of the kaupapa and maintain the safety of our community, we want to understand the needs, aspirations, concerns and challenges for our neighbours.

We welcome the opportunity to kōrero to you, to ensure that you and your whānau are included in the development of our proposal, the tikanga and kawa of our kaupapa and address any concerns that you may have.

Representatives from our iwi and our service will be available to meet with individuals or whānau at your whare or at an alternative location from Monday 4 October 2021 to Monday 1 November 2021. They will be available during weekdays from 9.30am – 5pm, with extended availability on Tuesday and Thursday evenings until 7pm throughout this four week period.

If you would like to meet with us, you can use our online booking system <https://bookings.gettimely.com/raumanuka/bb/book> to schedule a meeting time that suits you.

If booking online is not easy for you, or you would prefer to organise an online or telephone hui with us, you can also email us at [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz) to schedule a meeting time.

If you are a tenant at your whare, we welcome the opportunity to kōrero with your landlord. Please feel free to share this information with your landlord or property manager so they are also able to make contact with us.

**For more information**

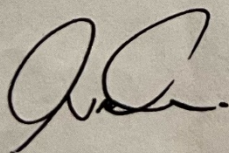

There are a number of ways to find more information about Te Whare Whakaruruhau o Raumanuka.

**Subject:** [EXTERNAL] Re: Te Whare Whakaruruhau o Raumanuka Transitional Housing Update

Tēnā koutou,

My apologies for this very late email to you all. I had assumed that I had sent an email out to you all early last week to provide you with an update on our engagement plan. However, I have just found the email in my outbox and assume that the email did not get sent due to some system issues we experienced last week.

Kaimahi from Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira commenced engagement with the neighbourhood regarding Te Whare Whakaruruhau o Raumanuka with a mail drop on Monday morning (4 Oct 2021). Please see attached, the letter and fact sheet that went out in the mail drop to approx. 160 homes that are within the closest proximity to the proposed whare. Our intention is to be available for the next 4 weeks (until Monday 1 November) to hold kanohi ki te kanohi hui with any of the neighbours who are interested in having a kōrero with us.

We have an online booking system to enable neighbours to book a meeting time with our kaimahi at <https://bookings.gettimely.com/raumanuka/bb/book> where we are available during weekdays (Monday to Friday, 9.30am – 5.30pm, with longer hours on Tuesday and Thursday until 7.30pm) to accommodate those whānau who are at mahi and can't meet during working hours.

For those who do not wish to meet kanohi ki te kanohi, we have also enabled phone and online conferencing if they prefer.

Additionally, we have a website [www.raumanuka.co.nz](http://www.raumanuka.co.nz) and whānau can contact us

on 0800 100 160 or email [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz)

As well as these opportunities, we are currently working on the opportunity to tap into existing community meetings and events over the coming month to hold both formal and informal conversations with the community.

Please feel free to get back to me if you require any further information.

Ngā mihi,

Gabrielle Para.

**Subject:** Te Whare Whakaruruhau o Raumanuka Transitional Housing Update

Kia ora koutou,

Firstly, on behalf of Te Rūnanga o Toa Rangatira, I would like to extend our warm thanks and gratitude to you for supporting us and Te Rūnanganui o Te Ati Awa in our transitional housing kaupapa, to awhi and tautoko tane Māori on their release from correctional facilities through our Te Whare Whakaruruhau o Raumanuka programme.

Te Whare Whakaruruhau o Raumanuka will look to establish our transitional housing and 24/7 wrap-around support service in the Naenae community.

The kaupapa is very closely aligned to both rūnanga strategic objectives to support and enable positive whānau health and wellbeing and we are excited with the prospects of being able to deliver a meaningful and important service to our tane and their whānau who need it.

Due to the recent COVID-19 outbreak in Aotearoa, we have had to delay our kanohi ki te kanohi (face to face) engagement with the neighbours where we will look to establish transitional housing for Te Whare Whakaruruhau o Raumanuka.

Meeting with the neighbours is very important to us so we are currently in the process of readjusting and updating our approach to ensure that we have meaningful kōrero but we are also able to meet the health and safety requirements of Alert Level 2.

We had hoped that updating our plans would be much quicker, however due to the redeployment of all kaimahi across both rūnanga to support the COVID-19 response effort in our communities, we have only just commenced updating our plans.

We expect to have an updated approach next week with the intention to commence engagement from 20th September. We are planning to offer neighbours the ability to kōrero to us directly via online means, as an alternative to kanohi ki te kanohi, as well as investigating how and where we can continue to offer kanohi ki te kanohi kōrero for those who would prefer this approach.

Feel free to contact me at this email address or on [REDACTED] for any further

information.

Ngā mihi,

Gabrielle Para.

Hi Andy,
And, my deepest apologies Andy, I had sent an email through the other week but was having internet issues at the time and have now realised that my email is sitting in my mailbox. Please see attached the letter and fact sheet that was dropped to neighbours on Monday morning. Our intention is to offer face to face engagement for the next 4 weeks with the neighbours of the properties. We had 4 phone calls since doing the mailings - one was pretty challenging but the others have actually been ok. Other than the women who just wouldn't get off of me, the other people did calm down a bit once I explained that we definitely want to hear from them and understand their concerns and worries and that people from the programme team are available to meet at any time that suits them. They didn't go ahead and book a meeting time but they did say that they would get back to me. Anyways Andy, my sincere apologies. Please feel free to ring me at any time to follow up on any issues that you have. I will be a pleasure if I can help you better.
Ngā mihi,
Gabi

Kia ora and Gabrielle,
I was just put on the spot in an online community meeting about a letter some residents have received regarding the new transitional housing facilities in Ōtara. I understand our Mayor's office has received emails today about the same. Could you please send us both a copy of the letter that went out and your revised engagement plan?

Ngā mihi,
Andy Mitchell
Senior Ward Councillor

On 10/10/2021, at 1:05 PM, Gabrielle Fox wrote:

Kia ora Andy,
Firstly, on behalf of Te Rōhanga a Teo Rangitahi, I would like to extend our warm thanks and gratitude to you for supporting us and Te Rōhanga a Teo Rangitahi in our transitional housing kaupapa, to awhi and tauroka iwi Māori on their release from correctional facilities through our Te Whare Whakaruruhau a Raumānua programme. To Whare Whakaruruhau a Raumānua we will look to establish our transitional housing and 24/7 wrap around support service in the Ōtara community.

The kaupapa is very clearly aligned to both Change strategic objectives to support and enable positive whānau health and wellbeing and we are excited with the prospects of being able to deliver a meaningful and important service to our tana and their whānau who need it.

Due to the recent COVID-19 outbreak in Ōtara, we have had to delay our kōwhiri hui kōwhiri engagement with the neighbours where we will look to establish transitional housing for Te Whare Whakaruruhau a Raumānua.

Moving with the neighbours is very important to us so we are currently in the process of re-evaluating and updating our approach to ensure that we have meaningful hui kōwhiri but we are also able to meet the health and safety requirements of Alert Level 2.

We had hoped that updating our plans would be much quicker, however due to the redeployment of all kaitiaki across both Change to support the COVID-19 response effort in our communities, we have only just commenced updating our plans.

We expect to have an updated approach next week with the intention to commence engagement from 20th September. We are planning to offer neighbours the ability to meet to us directly via online means, as an alternative to kōwhiri hui kōwhiri, as well as investigating how and where we can continue to offer kōwhiri hui kōwhiri for those who would prefer this approach.

Feel free to contact me on this email address or on 027 947 0004 for any further information.

Ngā mihi,
Gabrielle Fox

TE WHARE WHAKARURUHAU O  
**RAUMANUKA**

Monday 4 October 2021

Tēnā koe,

We are writing to let you know about Te Whare Whakaruruhau o Raumanuka, a residential service that Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira want to establish within the Naenae community at 28A – 28E Treadwell Street and 24 and 26 Rata Street.

This letter provides you with information about Te Whare Whakaruruhau o Raumanuka and our commitment to keep you fully informed of what is happening within our community.

#### **ABOUT TE WHARE WHAKARURUHAU O RAUMANUKA**

Te Whare Whakaruruhau o Raumanuka is committed to fostering positive transformational change and empowering tane Māori to be rangatira for their whānau, hapū and iwi.

Using a kaupapa Māori, tikanga-led framework, our mahi recognises that all tane Māori are vital and integral members of their whānau, with significant and meaningful contributions to make.

As a service for tane Māori who have been released from corrections facilities or are serving community-based sentences, Te Whare Whakaruruhau o Raumanuka will provide a safe environment that aims to tautoko, awhi and manaaki tane in their journey of reconnection. Most, if not all tane will be from the Wellington region and may whakapapa to Ngāti Toa Rangatira or Te Ati Awa.

Ngāti Toa Rangatira and Te Ati Awa hold long and wide-reaching aspirations for the health, wellbeing and prosperity for our whānau, delivered through a Te Ao Māori lens.

Together, and working in partnership with Ara Poutama Aotearoa (the Department of Corrections) our collective iwi will provide Te Whare Whakaruruhau o Raumanuka, an iwi-led service that provides transitional housing, 24/7 wrap around support and access to kaupapa Māori health, social, education, employment and cultural services for up to 18 months.

Without a service like this, many of the men who might live at the property would end up living somewhere else in the Naenae community or wider Wellington region without the wrap-around support that they need. Some of them may end up homeless or in unsuitable accommodation, which can lead to reoffending.

#### **Public safety is our top priority**

- Residents will undergo a robust assessment and selection process
- A person will not be permitted to reside at the property if we think the risk to public safety could not be safely managed
- Our experienced kaimahi will provide 24-7 onsite wrap around support for residents, with at least two staff members at all times
- We will install outdoor CCTV cameras to monitor activities at the properties
- Men with convictions for sexually offending against adults and children will not be permitted to live at the properties
- Residents will agree to the tikanga and kawa while living at the property, including a ban on alcohol and drugs and requiring approval for any manuhiri

- Residents will be required to demonstrate that they are making efforts to distance themselves from any gang connections and will not be permitted to wear or display gang regalia on the property
- Residents will be subject to the conditions of their sentence or order.

**We want to give you the opportunity to kōrero to us**

As mana whenua of the Wellington region and part of the Naenae community, we are committed to delivering this community-based and iwi-led service.

We have carried out our due diligence and we are confident that the support that we are able to provide will be of benefit to the entire community.

To further strengthen our mahi, ensure the success of the kaupapa and maintain the safety of our community, we want to understand the needs, aspirations, concerns and challenges for our neighbours.

We welcome the opportunity to kōrero to you, to ensure that you and your whānau are included in the development of our proposal, the tikanga and kawa of our kaupapa and address any concerns that you may have.

Representatives from our iwi and our service will be available to meet with individuals or whānau at your whare or at an alternative location from Monday 4 October 2021 to Monday 1 November 2021. They will be available during weekdays from 9.30am – 5pm, with extended availability on Tuesday and Thursday evenings until 7pm throughout this four week period.

If you would like to meet with us, you can use our online booking system <https://bookings.gettimely.com/raumanuka/bb/book> to schedule a meeting time that suits you.

If booking online is not easy for you, or you would prefer to organise an online or telephone hui with us, you can also email us at [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz) to schedule a meeting time.

If you are a tenant at your whare, we welcome the opportunity to kōrero with your landlord. Please feel free to share this information with your landlord or property manager so they are also able to make contact with us.

**For more information**

There are a number of ways to find more information about Te Whare Whakaruruhau o Raumanuka.

Ngā mihi,

**Wirangi Luke**  
Chief Executive Officer  
Te Rūnanganui o Te Ati Awa.

**Helmut Modlik**  
Chief Executive Officer  
Te Rūnanga o Toa Rangatira.

Te Whare Whakaruruhau o Raumanuka is a community-based, iwi led transitional housing service to support tane Māori who have been released from a corrections facility, or given a community-based service with support to reconnect with their whānau and the community.

Te Whare Whakaruruhau o Raumanuka is a programme delivered by Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira, with the support of Ara Poutama Aotearoa.

## About Te Whare Whakaruruhau o Raumanuka

### Who is the service for?

The service will be for tane who are motivated and committed to successfully transition into living in the Wellington region and who need the wrap-around support that the service can provide.

They will whakapapa to or have close whānau ties with Ngāti Toa and Te Āti Awa and are committed to maintaining the tikanga and kawa of our kaupapa.

### Is this a prison or corrections facility?

No, Te Whare Whakaruruhau o Raumanuka is not a prison or a corrections facility. It is a kaupapa Māori supported accommodation that provides wrap around support and navigational services.

Only people serving community sentences and orders will live in our whare. Residents will be expected to maintain a strong commitment to the tikanga and kawa of our kaupapa.

### How long will residents live at the service?

Most residents will live at the service between six to twelve months, but some may stay for up to eighteen months if they need further support to reconnect with their whānau and the community. Residents will be supported to move out earlier if they are ready and have found suitable long-term accommodation.

They will continue to receive support after they have moved out, as they transition to life in the community.

### How will the residents be selected?

If someone is interested in living in the whare, they will be part of a careful and robust assessment and selection process.

In assessing their suitability, our service will carefully consider:

- Their motivation to rehabilitate to a crime-free life
- Any rehabilitation programmes they have undertaken
- Whether they will get on with other residents in the service
- Whānau connections in the area
- Any risk to public safety or victims
- Their demonstrated motivation to distance themselves from any gang connections.

### Will there be any rules and regulations within the whare?

All residents will need to agree to the tikanga and kawa of our kaupapa. Our tikanga and kawa will be firm but fair, to ensure the safety of all our residents, kaimahi and the community.

Our kawa will include a curfew, clear times for manuhiri and a ban on drugs and alcohol.

Additional to our tikanga and kawa, residents will also need to comply with any conditions they have on their sentence and orders.

The residents must demonstrate motivation to be accepted into the service, and this includes distancing themselves from gang members. Gang regalia will not be permitted in the property or worn by residents or manuhiri.

## Our priority is to ensure community safety

### How will we keep the community safe?

The safety of the community is our top priority.

A person will not be permitted to reside at the whare if we think the risk to public safety could not be safely managed.

Our kaimahi will provide 24-7 onsite wrap-around support for residents, with at least two staff members awake at all times in 28A-28E Treadwell Street and two covering both 24 and 26 Rata Street.

We will install outdoor CCTV cameras to monitor activities on each property.

Residents will be selected through a careful and robust assessment and selection process and must be committed and motivated to future-focused transformational change and leading healthy, safe and resilient lives.

Men with current or historic convictions for sexual offending against children or adults will not be eligible for the service.

Residents must commit to living by the tikanga and kawa of our kaupapa and Ara Poutama Aotearoa and the New Zealand Police will be responsible for any enforcement action taken if residents place themselves, other residents, our kaimahi or the community at risk.

Ara Poutama Aotearoa and Police will act swiftly to address any actions by residents that place themselves, our kaimahi or the public at risk, or breach any parole or sentencing requirements. Unsafe or antisocial behaviour will not be tolerated and could lead to being withdrawn from the whare and facing enforcement action before a court or the New Zealand Parole Board.

### Will men with high or complex needs be eligible to live at the service?

No, men with high or complex needs will not be eligible.

This includes men who:

- Present as being at high risk of harm to others
- Have a high risk of serious reoffending, such as highly violent or sexual offending
- Have serious addiction or substance abuse issues
- Have acute mental illness
- Have cognitive impairments.

Men with historic convictions for sexually offending against adults and children will not be permitted to live at the service.

---

### Can the community provide feedback?

Āe, we welcome feedback and input from the wider community to provide feedback to assist in the development of our tikanga and kawa.

As mana whenua in the region, Te Ati Awa and Ngāti Toa Rangatira are committed to delivering this service and ensuring that the tikanga and kawa of our service is maintained at all times.

**Subject:** Re: Discussion with Corrections/HCC re proposed facility on Rata Street -

Kia ora koutou,

If there's to be any further correspondence with Corrections could we ask them to confirm the Treadwell Street location? They mentioned "just around the corner from Rata Street". There is a row of newly built townhouses at 26D Treadwell Street (opposite where our new pool will be built), but I wasn't under the impression they were Kāinga Ora ones. There are older existing KO homes in each direction from Rata Street which they could potentially redevelop.

The consent issued for [24 and 26 Rata Street](#) in October was to Kāinga Ora for six large townhouses "to be utilised by Kainga Ora as Community Residential Transitional Housing". No mention of it being a Corrections facility, unlike the most recent consent issued for 11 Hillary Court which did purport to be for a Corrections boarding house:

"The area of the proposal has been leased to Whanau Ora, who have a long-term contract with Corrections and the Ministry of Social Development to provide transitional and holistic accommodation for clients to spend 6 months on release prior to full release back into society. The clients will be supervised/cared for, drug and alcohol tested and undergo further job training."

I'm glad to hear that's no longer the plan, although I ran into the new owner of 11 Hillary Court recently who told me they're planning to expand the Oasis Network operation. Presumably that involves building the same 26 additional rooms applied for, bringing the total to 42.

Cheers,

**Andy Mitchell**

**To:** [REDACTED] 'Wirangi Luke'  
**Cc:** Jo Miller; Krisna Crowley Nepia  
**Subject:** Heads up - meeting with Kāinga Ora and Corrections re Naenae

Kia ora koutou,

This morning I'm meeting with Kāinga Ora and Corrections to discuss the proposed housing in Naenae.

Since our meeting approximately three weeks ago, I've continued to have concerns expressed to me about the Corrections housing being based in Naenae. This includes recently learning, for example, that there is rampant synthetic dealing in the vicinity of where the housing is being proposed.

My request to Kāinga Ora and Corrections will be demonstrate the robust process they have used to select Naenae as the location for the housing. Without confidence in the decision-making process to get to this point, I will be extremely reluctant to support the proposal.

If you have any questions, or would like to discuss further, please get in touch. I will of course update you following the meeting.

Kind regards,

**Campbell Barry**

Mayor of Lower Hutt

Kia ora Andy

I have taken over the co ordination of this from Christine.

Due to some availability issues this hui will no longer take place on the 16th. I will be in touch in the near future with a new date.

Kind regards

I am writing to inform you of a proposed supported accommodation service that Department of Corrections, Ngāti Toa and Te Āti Awa want to establish in Naenae, Lower Hutt.

If we go ahead, the service will support up to 26 men who will be serving community-based sentences or orders, including men who will have recently left prison. It will be delivered by a Ngāti Toa and Te Āti Awa service provider, who will provide 24-7 wrap around support and navigational services to assist residents to reintegrate into community life in Naenae. The service will target men who are from the Wellington region or have iwi or whānau ties to the area.

We would like to meet with you to talk further about the service and how we plan to engage with your community. Ideally, we would like this hui to take place in mid-June. Can you please let me know your availabilities?

We have invited these local elected officials to attend the hui also:

- Hon Chris Hipkins, MP for Remutaka
- Hon Meka Whaitiri, MP for Ikaroa-Rawhiti
- Campbell Barry, Mayor for Lower Hutt
- Andy Mitchell, Eastern Ward councillor
- Chris Bishop, National MP

The hui will also be attended by:

- Helmut Modlik, CEO Ngati Toa
- Wirangi Luke, CEO Te Āti Awa
- Paula Collins, Regional Commissioner, Lower North

I would kindly appreciate it if you would treat the information in this email with sensitivity.

I am looking forward to hearing back from you.

Kia ora Campbell,

Thanks for your email.

Kāinga Ora has purchased the property, but the process is a bit different to usual. We have purchased the property on behalf of Corrections, for their specific needs, rather than our general public or transitional housing pipeline.

As some background, Kāinga Ora plays a role supporting Corrections' Housing and Support Services programme by purchasing properties on behalf of Corrections, based on their needs for housing. Corrections then contracts a local service provider to lease the property from Kāinga Ora and deliver the service to manage the property and support residents.

Given the nature of the service, Corrections lead engagement and communication so the right people are able to share information and talk through in more detail how the properties will be managed, including engagement with local officials. I hope this helps. I understand Corrections have provided more information about this work, and the service, and can help you with further questions you might have.

Please let me know if you require any further clarification.

Kia ora Renee,

This week I met with Corrections around their plan to put 25 beds in the middle of Naenae for men transitioning out of Prison.

This was the first I had heard of the plan, along with all of my council colleagues.

Corrections explained that they are working with Kainga Ora on this project, as the land is own by KO.

Could you provide me with a brief of the process that has been undertaken, and why this hasn't come up in our regular meetings?

Kind Regards,

Campbell Barry  
Mayor

Subject: Kainga Ora - Corrections housing in Naenae

Kia ora Renee,

This week I met with Corrections around their plan to put 25 beds in the middle of Naenae for men transitioning out of Prison.

This was the first I had heard of the plan, along with all of my council colleagues.

Corrections explained that they are working with Kainga Ora on this project, as the land is own by KO.

Could you provide me with a brief of the process that has been undertaken, and why this hasn't come up in our regular meetings?

Kind Regards,

Campbell Barry

Mayor

---

Kia ora

I am writing to inform you of a proposed supported accommodation service that Department of Corrections, Ngāti Toa and Te Āti Awa want to establish in Naenae, Lower Hutt.

If we go ahead, the service will support up to 26 men who will be serving community-based sentences or orders, including men who will have recently left prison. It will be delivered by a Ngāti Toa and Te Āti Awa service provider, who will provide 24-7 wrap around support and navigational services to assist residents to reintegrate into community life in Naenae. The service will target men who are from the Wellington region or have iwi or whānau ties to the area. We would like to meet with you to talk further about the service and how we plan to engage with your community. Ideally, we would like this hui to take place in mid-June. Can you please let me know your availabilities?

We have invited these local elected officials to attend the hui also:

- Hon Chris Hipkins, MP for Remutaka
- Hon Meka Whaitiri, MP for Ikaroa-Rawhiti
- Campbell Barry, Mayor for Lower Hutt
- Andy Mitchell, Eastern Ward councillor
- Chris Bishop, National MP

The hui will also be attended by:

- Helmut Modlik, CEO Ngati Toa
- Wirangi Luke, CEO Te Āti Awa
- Paula Collins, Regional Commissioner, Lower North

I would kindly appreciate it if you would treat the information in this email with sensitivity.

I am looking forward to hearing back from you.

Ngā mihi

Hi Krisna,

I've spoken to Campbell about this one.

He's happy to meet with [REDACTED] and a few others at Naenae Library on 14 October in the evening to discuss this issue. I've put a hold in the diary for now and will send through an email to Andy.

Can discuss further when you're back 😊

Regards,  
Katie

Kia ora [REDACTED]

Just letting you know that I have received your email. As a Council we were not engaged in Corrections decision to propose this location in Naenae. I have voiced my concerns with them directly around this location, and tried to understand their processes for choosing this site.

I have confidence in our iwi who would look to be the service provider in any set up like this, but I don't have confidence in Corrections who chose this proposed location without engaging with us or anyone (that I'm aware of). I am more than happy to discuss this further.

Cr Andy Mitchell has also requested some further information on the process of engagement from here, as we were not aware that a letter was being sent out on Monday.

Campbell Barry  
Mayor

**Sent:** Tuesday, 5 October 2021 10:17 AM  
**To:** Campbell Barry  
**Subject:** [EXTERNAL] Naenae prisoners

Hi Campbell,

Here is a letter we received in mail yesterday.

I'd like for you to please help out our community on this issue.

Placing these people here is a huge community risk! Not only for the young school kids walking to breakfast club within 100m of this place but also the schools in area.

10 years ago this place was unsafe, we had a gang pad on demspey street and drive by shootings. Since they have left this area has flourished with families and is a safe haven. We have little to no crime, our kids feel safe on the streets.

These houses are within half a km of a bottle shop, school, breakfast club, pokies and a pub

How is this logical to put them here!!

I'd like for you to take this matter higher please

Attached is the letter

Thanks

TE WHARE WHAKARURUHAU O  
RAUMANUKA

Monday 4 October 2021

Tēnā koe,

We are writing to let you know about Te Whare Whakaruruhau o Raumanuka, a residential service that Te Rūnanganui o Te Ati Awa and Te Rūnanga o Toa Rangatira want to establish within the Naenae community at 28A – 28E Treadwell Street and 24 and 26 Rata Street.

This letter provides you with information about Te Whare Whakaruruhau o Raumanuka and our commitment to keep you fully informed of what is happening within our community.

**ABOUT TE WHARE WHAKARURUHAU O RAUMANUKA**

Te Whare Whakaruruhau o Raumanuka is committed to fostering positive transformational change and empowering tane Māori to be rangatira for their whānau, hapū and iwi.

Using a kaupapa Māori, tikanga-led framework, our mahi recognises that all tane Māori are vital and integral members of their whānau, with significant and meaningful contributions to make.

As a service for tane Māori who have been released from corrections facilities or are serving community-based sentences, Te Whare Whakaruruhau o Raumanuka will provide a safe environment that aims to tautoko, awhi and manaaki tane in their journey of reconnection. Most, if not all tane will be from the Wellington region and may whakapapa to Ngāti Toa Rangatira or Te Ati Awa.

Ngāti Toa Rangatira and Te Ati Awa hold long and wide-reaching aspirations for the health, wellbeing and prosperity for our whānau, delivered through a Te Ao Māori lens.

Together, and working in partnership with Ara Poutama Aotearoa (the Department of Corrections) our collective iwi will provide Te Whare Whakaruruhau o Raumanuka, an iwi-led service that provides transitional housing, 24/7 wrap around support and access to kaupapa Māori health, social, education, employment and cultural services for up to 18 months.

Without a service like this, many of the men who might live at the property would end up living somewhere else in the Naenae community or wider Wellington region without the wrap-around support that they need. Some of them may end up homeless or in unsuitable accommodation, which can lead to reoffending.

**Public safety is our top priority**

- Residents will undergo a robust assessment and selection process
- A person will not be permitted to reside at the property if we think the risk to public safety could not be safely managed
- Our experienced kaimahi will provide 24-7 onsite wrap around support for residents, with at least two staff members at all times
- We will install outdoor CCTV cameras to monitor activities at the properties
- Men with convictions for sexually offending against adults and children will not be permitted to live at the properties
- Residents will agree to the tikanga and kawa while living at the property, including a ban on alcohol and drugs and requiring approval for any manuhiri

- Residents will be required to demonstrate that they are making efforts to distance themselves from any gang connections and will not be permitted to wear or display gang regalia on the property
- Residents will be subject to the conditions of their sentence or order.

**We want to give you the opportunity to kōrero to us**

As mana whenua of the Wellington region and part of the Naenae community, we are committed to delivering this community-based and iwi-led service.

We have carried out our due diligence and we are confident that the support that we are able to provide will be of benefit to the entire community.

To further strengthen our mahi, ensure the success of the kaupapa and maintain the safety of our community, we want to understand the needs, aspirations, concerns and challenges for our neighbours.

We welcome the opportunity to kōrero to you, to ensure that you and your whānau are included in the development of our proposal, the tikanga and kawa of our kaupapa and address any concerns that you may have.

Representatives from our iwi and our service will be available to meet with individuals or whānau at your whare or at an alternative location from Monday 4 October 2021 to Monday 1 November 2021. They will be available during weekdays from 9.30am – 5pm, with extended availability on Tuesday and Thursday evenings until 7pm throughout this four week period.

If you would like to meet with us, you can use our online booking system <https://bookings.gettimely.com/raumanuka/bb/book> to schedule a meeting time that suits you.

If booking online is not easy for you, or you would prefer to organise an online or telephone hui with us, you can also email us at [enquiries@raumanuka.co.nz](mailto:enquiries@raumanuka.co.nz) to schedule a meeting time.

If you are a tenant at your whare, we welcome the opportunity to kōrero with your landlord. Please feel free to share this information with your landlord or property manager so they are also able to make contact with us.

**For more information**

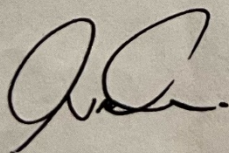

There are a number of ways to find more information about Te Whare Whakaruruhau o Raumanuka.

Kia ora Krisna & Roshni

We are now wanting to schedule this hui for the week of 12 July if the Mayor and Jo have capacity that week. Are you able to let me know if this is feasible for that week? If so if you could provide a couple of suitable dates and times.

Also in addition to the Mayor and Jo there could be up to 14 others in attendance.

We will be inviting these local elected officials to attend the hui also:

Hon Chris Hipkins, MP for Remutaka  
Hon Meka Whaitiri, MP for Ikaroa-Rawhiti  
Andy Mitchell, Eastern Ward councillor  
Chris Bishop, National MP

The hui will also be attended by iwi representatives:

Helmut Modlik, CEO Ngati Toa  
Wirangi Luke, CEO Te Āti Awa  
Callum Katene  
Kura Moeahu  
Jennie Smeaton  
Hata Wilson  
Gabrielle Para

And from the Department of Corrections:

Paula Collins, Regional Commissioner, Lower North  
Scott Palmer, District Manager, Wellington District  
Brent Reilly, Programme Manager, Housing & Support Services

Are you able to book a room to accommodate this number of people?

Kind regards

Kia ora

Thanks for sending through the calendar invite however I see the meeting has been scheduled for 2pm. The Mayor is not available until 2.30 pm – as noted below. Could the calendar invite please be updated. He could meet until 3.45 pm if a little longer was required but there is a Briefing at 4pm that he needs to attend.

Thanks

Ngā mihi

Kia ora Krisna

With regards to the below dates, 16 June at 2.30pm is the date that we are moving forward with. Can you please pencil this date and time in the diary for the Mayor and I will endeavour to align all the attendees.

Is the Mayor's preference to have the meeting at Hutt City Council? If so could you please book a room for the meeting and advise me of the location so that I can add it to the invite when I send it out.

Ngā mihi

Thank you for your email.

Regarding dates, would any of these times suit:

14 June

3 pm

16 June

2.30 pm

17 June

4 pm

Also, I have copied Roshni into this email, Roshni is EA to Council's Chief Executive, Jo Miller. Jo may also wish to attend.

Thanks

Kia ora

I am writing to inform you of a proposed supported accommodation service that Department of Corrections, Ngāti Toa and Te Āti Awa want to establish in Naenae, Lower Hutt.

If we go ahead, the service will support up to 26 men who will be serving community-based sentences or orders, including men who will have recently left prison. It will be delivered by a Ngāti Toa and Te Āti Awa service provider, who will provide 24-7 wrap around support and navigational services to assist residents to reintegrate into community life in Naenae. The service will target men who are from the Wellington region or have iwi or whānau ties to the area.

We would like to meet with you to talk further about the service and how we plan to engage with your community. Ideally, we would like this hui to take place in mid-June. Can you please let me know your availabilities?

We have invited these local elected officials to attend the hui also:

- Hon Chris Hipkins, MP for Remutaka
- Hon Meka Whaitiri, MP for Ikaroa-Rawhiti
- Campbell Barry, Mayor for Lower Hutt
- Andy Mitchell, Eastern Ward councillor
- Chris Bishop, National MP

The hui will also be attended by:

- Helmut Modlik, CEO Ngati Toa
- Wirangi Luke, CEO Te Āti Awa
- Paula Collins, Regional Commissioner, Lower North

I would kindly appreciate it if you would treat the information in this email with sensitivity.

I am looking forward to hearing back from you.

Ngā mihi

Kia ora Jarred. I hope you are well.

Here is some information that may be helpful for your mayor and counsellor.

Ngā mihi  
Jesse

Corrections is preparing to engage with the Naenae community about a residential service that we want to establish, that will provide much-needed accommodation and 24-7 on-site support for men in our care as they reintegrate into the community.

The service will be delivered across two properties. Most residents will live there for between six to twelve months and will receive support to access health and wellbeing services, training, employment and suitable long-term accommodation as part of their reintegration.

Most residents will be from the Wellington region, and many will be from Lower Hutt. Men with high and complex needs or convictions for offending sexually against children will not be eligible to reside there.

Public safety is our biggest consideration when establishing residential services like this, and we will put in place several measures to make sure that any risks to the community are safely managed.

We are currently finalising arrangements with a service provider and will provide more information about this when we have finalised the details.

We are committed to begin speaking with the community about the proposed service in the next

two or three months. If we decide to go ahead with the service, it will not happen until the end of 2021.

Hi Jesse,

Thank you for quick call today – re the engagement plan Corrections has for its Naenae housing projects.

As discussed, there is an increasing number of questions being raised about what the plans are for Corrections housing in the suburb. This puts Council and local councillors in the position of having to field these questions.

In our phone call you indicated you may be able to share some broad information on planned engagement, and what (if anything) Corrections may be able to say at this stage.

The Mayor has due deference to the business case project – however is acutely aware that trust with people in Naenae has been hard fought, and it is a priority for Council to maintain and build on that trust.

A lack of communication and engagement ton these kinds of projects therefore represents a reputational risk for Council, and in particular our efforts to better engage and partner with our communities.

The Mayor looks forward to understanding your planned next steps. It would be ideal if you could send through an initial response, as your indicated, sometime tomorrow.

Give me a bell if you'd like to discuss further.

Kind regards,

councillors in the position of having to field these questions.

In our phone call you indicated you may be able to share some broad information on planned engagement, and what (if anything) Corrections may be able to say at this stage.

The Mayor has due deference to the business case project – however is acutely aware that trust with people in Naenae has been hard fought, and it is a priority for Council to maintain and build on that trust.

A lack of communication and engagement on these kinds of projects therefore represents a reputational risk for Council, and in particular our efforts to better engage and partner with our communities.

The Mayor looks forward to understanding your planned next steps. It would be ideal if you could send through an initial response, as you indicated, sometime tomorrow.

Give me a bell if you'd like to discuss further.

Kind regards,

**Jarred Griffiths**

Kia ora Jarred. I hope you are well.

Here is some information that may be helpful for your mayor and counsellor.

Ngā mihi  
Jesse

Corrections is preparing to engage with the Naenae community about a residential service that we want to establish, that will provide much-needed accommodation and 24-7 on-site support for men in our care as they reintegrate into the community.

The service will be delivered across two properties. Most residents will live there for between six to twelve months and will receive support to access health and wellbeing services, training, employment and suitable long-term accommodation as part of their reintegration.

Most residents will be from the Wellington region, and many will be from Lower Hutt. Men with high and complex needs or convictions for offending sexually against children will not be eligible to reside there.

Public safety is our biggest consideration when establishing residential services like this, and we will put in place several measures to make sure that any risks to the community are safely managed.

We are currently finalising arrangements with a service provider and will provide more information about this when we have finalised the details.

We are committed to begin speaking with the community about the proposed service in the next two or three months. If we decide to go ahead with the service, it will not happen until the end of 2021.

Hi Jesse,

Thanks for you call today. I have given the Mayor and local Councillor a heads-up some comms were coming across from Corrections.

Can you please advise when you can send them? I had the impression it was going to be today.

Give me a bell in morning to discuss if easier.

Cheers,

---

Kia ora koutou,

Just thought I would send you a note from our meeting yesterday. It was a good hui which revolved around understanding the process for site selection. Corrections agreed to supply information around the process they have undertaken. I expressed some of my concerns with them around the site, and not being made aware earlier from Kainga Ora.

An outcome from the meeting is that Corrections will be presenting on the initiative to the Mayoral Forum on the 28<sup>th</sup> January. Given the service is for the Wellington Region, this feels like the appropriate place to engage.

Happy to discuss further. Enjoy the Christmas break!

Nga mihi,

Campbell

**Subject:** Heads up - meeting with Kāinga Ora and Corrections re Naenae

Kia ora koutou,

This morning I'm meeting with Kāinga Ora and Corrections to discuss the proposed housing in Naenae.

Since our meeting approximately three weeks ago, I've continued to have concerns expressed to me about the Corrections housing being based in Naenae. This includes recently learning, for example, that there is rampant synthetic dealing in the vicinity of where the housing is being proposed.

My request to Kāinga Ora and Corrections will be demonstrate the robust process they have used to select Naenae as the location for the housing. Without confidence in the decision-making process to get to this point, I will be extremely reluctant to support the proposal.

If you have any questions, or would like to discuss further, please get in touch. I will of course update you following the meeting.

Kind regards,

**Campbell Barry**

Mayor of Lower Hutt

Kia ora

I am writing to inform you of a proposed supported accommodation service that Department of Corrections, Ngāti Toa and Te Āti Awa want to establish in Naenae, Lower Hutt.

If we go ahead, the service will support up to 26 men who will be serving community-based sentences or orders, including men who will have recently left prison. It will be delivered by a Ngāti Toa and Te Āti Awa service provider, who will provide 24-7 wrap around support and navigational services to assist residents to reintegrate into community life in Naenae. The service will target men who are from the Wellington region or have iwi or whānau ties to the area.

We would like to meet with you to talk further about the service and how we plan to engage with your community. Ideally, we would like this hui to take place in mid-June. Can you please let me know your availabilities?

We have invited these local elected officials to attend the hui also:

- Hon Chris Hipkins, MP for Remutaka
- Hon Meka Whaitiri, MP for Ikaroa-Rawhiti
- Campbell Barry, Mayor for Lower Hutt
- Andy Mitchell, Eastern Ward councillor
- Chris Bishop, National MP

The hui will also be attended by:

- Helmut Modlik, CEO Ngati Toa
- Wirangi Luke, CEO Te Āti Awa
- Paula Collins, Regional Commissioner, Lower North

I would kindly appreciate it if you would treat the information in this email with sensitivity.

I am looking forward to hearing back from you.

Ngā mihi

**Subject:** Information as Requested

Dear Mayor Barry

I am writing to follow up your request for additional information about the residential services that we want to establish at 24-26 Rata Street and 28 Treadwell Street, Naenae.

When we met on 14 December, you asked for information about our process for selecting Naenae as the location for the services, other properties in the region that we considered and why we chose these two properties.

In February 2019, the Housing and Support Services Programme team began searching the Wellington region for suitable properties to establish community

residential transitional housing services. We undertook significant searching in the region, working with Kainga Ora and engaging with several property agents and developers. However, we fast failed most of these properties because they either:

- Did not meet Ara Poutama Aotearoa or Kāinga Ora's physical, geospatial or community requirements
- Were sold while we or Kāinga Ora were undertaking due diligence
- Otherwise became unavailable.

We identified 35 properties that met our requirements on face value and remained available throughout our due diligence process, but on further investigation these did not meet our requirements due to several factors, including:

- Needing significant capital modifications or alterations
- Quality of the construction, building materials or design
- Did not meet the healthy homes standards
- Over market price or not commercially viable
- Would not be constructed in time to meet the existing accommodation need
- Proximity to sensitive locations
- Poor access to social services, employment opportunities, shopping or public transport.

We finished searching properties in the Wellington region for transitional housing services, and 24-26 Rata Street is the final property we considered in that process.

24-26 Rata Street and 28 Treadwell Street were presented to us by a private developer. We decided to go ahead with these properties because they will:

- Offer high-quality, well-built residential accommodation that aligns with the healthy homes standards
- Align with our service design requirements, in that they offer shared accommodation, with options for residents to progress to highly independent living while residing in the property
- Have good access to public transport, which makes it easier for residents to access social services, employment, training and education

The properties are located in an area that has a high existing accommodation need and where people in our care with an identified need want to live or return to. Around one third of the people in our care who are currently in the community in the Wellington region live in Lower Hutt. If we go ahead with the service, residents will:

- Have access to local employment opportunities
- Reside close to public transport, shopping area, health services, services and Ministry of Social Development
- In a community that offers local social services and social infrastructure that will support Māori and Pasifika residents.

If you have any other questions please do not hesitate.

Nga Mihi
