Hi [REDACTED]

I refer to your request below, which has been forwarded to me.

I believe the answer is nothing and nothing.

I have been here for all that time, except a 6 month period, so this is based on my memory and then a scroll through the matters we have sought advice on. Some of these descriptions are general in nature but I'm not going to go try and find and go into each individual invoice for that period of time as that would take a prohibitively long period of time. I will say, it would be unusual for us to seek and receive defamation advice so I'm reasonably confident in the answer.

Regards
Brad

[External/Suspected Spam]

How much has been spent by the Council on legal advice related to defamation since the current CEO started?
What is the equivalent amount for the 12 months prior to that (i.e. under the previous CEO)?

Consider this a new LGOIMA please.

Regards
