Annual Tree Planting, Wainuiomata

Tēnā koutou katoa

This is to advise that our street tree contractor – Treescape will be letter-dropping residents, on behalf of Council, in Mohaka and Meremere Streets, Wainuiomata to see if they would like a street tree planted outside their property.

It is our plan to plant Kowhai – *Sophora microphylla* in these streets where residents are keen. Planting is planned to occur before the end of October 2022. These streets have big berms and very few existing street trees planted so have been selected for this season's planting programme.

Ngā mihi nui,

Democratic Services Team
