

HUTT CITY COUNCIL

Hutt City Council 2024 Long Term Plan  
Submission

Name: JOAN MORRIS

Phone Number or:

Email: n/a

City: LOWER HUTT

Suburb: AVALON

I would like to present to Hutt City Council in support of my submission: ☐

\*The Council will contact you to arrange a time for you to present at the Long-Term Plan hearings.

I support saving Petone Wharf. I disagree with the 2024 Long-Term Plan options that Hutt City Council is putting forward to demolish the Wharf. Instead, Hutt City Council should use the \$6 million earmarked for the Wharf demolition as the basis for an affordable repair and maintenance programme. This will allow present and future generations to once again enjoy the wharf.

**Additional Feedback:**

Please save Petone wharf. Its a great asset & so many people have happy memories of walking along it. Children etc, enjoying swimming-jumping from the wharf & fishing from the end. I, at 90, miss a walk along to the end, as we started to from 1970 when we moved to LH. All the children too, loving a walk/run along. Always fearful the youngest would fall off it - never did! He also loved fishing with his pole. Maybe it could have a quarter net replaced. A right economy. It always looked pretty at night with lights on.

Drop off at the library.

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- It is an iconic landmark of the drive into Petone – of historic importance ✓
- It is a well loved recreational facility for people of all ages ✓
- To repair for around the cost of demolition just makes good sense ✓
- It is an asset to the community – well loved by many ✓
- It's an absolute no brainer ✓

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water ✓

For that amount of money this special part of the community can be repaired ✓

It can be made fully useable for a comparable price so Repair – don't Demolish ✓

It just needs repair. Not a rebuild ✓

The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town. ✓

It's an important memory for far to many people, it can't go. ✓

I do not wish to speak to Councillors about my submission.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people
- ☒ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ ➤ Remediation is possible for around the same amount
- ☒ ➤ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☒ ➤ There is an alternative method of repair that will work
- ☒ ➤ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☒ ➤ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ ➤ It is a local icon and must be saved

[REDACTED]

I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ✓ • It's historic and offers people a lot of different activity opportunities.
- ✓ • We need to stop pulling down structures that a community enjoys.
- ✓ • It has always been the most used wharf in the Hutt.
- ✓ • Council should listen and do the right thing. *yes I know they do nothing*
- Once it's gone it will never be back. Some history should be treasured. *yes its gone no brainer*

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- None of the options for Petone assets should be agreed to. *no*
- I'd rather see \$6M spent on restoration. *yes*
- There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well. *yes so*
- Some things should stay as is. The wharf is very important to Petone. *yes very*
- With some basic remedial work we can again enjoy it as it is. *yes*

-----  
I do/do not wish to speak to Councillors about my submission. *yes in person*

- ☒ • It has always been the most used wharf in the Hutt.
- ☒ • Council should listen and do the right thing.
- ☒ • Once it's gone it will never be back. Some history should be treasured.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- None of the options for Petone assets should be agreed to.
- ☒ ➤ I'd rather see \$6M spent on restoration.
- ☒ ➤ There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- ☒ ➤ Some things should stay as is. The wharf is very important to Petone.
- With some basic remedial work we can again enjoy it as it is.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☐ It is an iconic landmark of the drive into Petone – of historic importance
- ☒ It is a well loved recreational facility for people of all ages
- ☐ To repair for around the cost of demolition just makes good sense
- ☐ It is an asset to the community – well loved by many
- ☐ It's an absolute no brainer

*• If it's gone, it will never be replaced.*

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water

☒ For that amount of money this special part of the community can be repaired

It can be made fully useable for a comparable price so Repair – don't Demolish

☒ It just needs repair. Not a rebuild

The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town.

It's an important memory for far to many people, it can't go.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ✓ • There is nothing else like it in the Wellington area.
- ✓ • It's a special place
- ✓ • I've walked it countless times with members of my family and want us all to be able to continue to do that.
- ✓ • It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.
- ✓ • Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ✓ ➤ Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.
- ✓ ➤ I'd rather see \$6M spent on restoration.
- ✓ ➤ The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring!
- ✓ ➤ I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone.
- ✓ ➤ Wharves are an important recreational asset.

- ☒ ➤ Some things should stay as is. The wharf is very important to Petone.
- ☒ ➤ With some basic remedial work we can again enjoy it as it is.

## **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- It is an iconic landmark of the drive into Petone – of historic importance ✓
- It is a well loved recreational facility for people of all ages ✓
- To repair for around the cost of demolition just makes good sense ✓
- It is an asset to the community – well loved by many ✓
- It's an absolute no brainer ✓

## **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water ✓

For that amount of money this special part of the community can be repaired ✓

It can be made fully useable for a comparable price so Repair – don't Demolish ✓

It just needs repair. Not a rebuild ✓

The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town. ✓

It's an important memory for far to many people, it can't go. ✓

I disagree with all of the Council options for Petone assets.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

It's an iconic regional asset ✓

It is part of our history and we should not be trying to knock it down ✓

Walking on it is good for people's mental health and wellbeing ✓

It gives pleasure to young and old alike and to fisher people ✓

The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born. ✓

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

➤ Remediation is possible for around the same amount ✓

➤ This money can be spent to repair the wharf and have it available for future generations to enjoy ✓

➤ There is an alternative method of repair that will work ✓

➤ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving. ✓

➤ Walking to the end makes you feel like you are in the middle of the harbour – very special. ✓

➤ It is a local icon and must be saved ✓

It is a significant historical feature of our area that is always well used & enjoyed by all.  
High time that Council LISTENED to its ratepayers & residents & stop pushing their personal agendas.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

If council hadn't dicked ratepayers around for so long, it would have been well & truly repaired by now.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It is an iconic landmark of the drive into Petone – of historic importance
- ☒ It is a well loved recreational facility for people of all ages
- ☒ To repair for around the cost of demolition just makes good sense
- ☒ It is an asset to the community – well loved by many
- ☒ It's an absolute no brainer

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water

- ☒ For that amount of money this special part of the community can be repaired
- ☒ It can be made fully useable for a comparable price so Repair – don't Demolish
- ☒ It just needs repair. Not a rebuild
- ☒ The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town.
- ☒ It's an important memory for far to many people, it can't go.

It is Iconic and a wonderful asset for Lower Hutt/Petone and the greater Wellington Community

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

It would be a waste of Rate payers money when it could be strengthened and made safe for pedestrian access and light activity for the same cost allowing provision for future restoration as part of a long term maintenance plan.

I support saving Petone Wharf. I disagree with the 2024 Long-Term Plan options that Hutt City Council is putting forward to demolish the Wharf. Instead, Hutt City Council should use the \$6 million earmarked for the Wharf demolition as the basis for an affordable long-term repair and maintenance programme. This will allow present and future generations to enjoy the wharf once again.

There are apparently feasible ways available for restoring the wharf and strengthening the supporting structure. This should be explored more fully by the Council.

Wharf jumping gives children valuable skills &

### Additional Feedback:

- THERE ARE SOLUTIONS TO REPAIR THE WHARF FOR AROUND \$6 MIL
- LEAVING THE WHARF AS A STATUS FOR PETONE, HUTT, NOTN I BELIEVE IS AN OVER RIDING FEATURE THAT NEEDS TO BE RETAINED.
- WITH THE REVITALISED TRAFFIC PLANS MOVING TRAFFIC OFF THE ESPLANADE WE HAVE A GREAT OPPORTUNITY BUILD THE AREA UP AGAIN ANCHORED BY THE WHARF.

☒ I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ There is nothing else like it in the Wellington area.
- ☒ It's a special place
- ☒ I've walked it countless times with members of my family and want us all to be able to continue to do that.
- ☒ It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.
- ☒ Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.
- I'd rather see \$6M spent on restoration.
- The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring!
- I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone.
- Wharves are an important recreational asset.

☒ I do/do not wish to speak to Councillors about my submission.

## I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ☒ It is an iconic landmark of the drive into Petone – of historic importance
- ☒ It is a well loved recreational facility for people of all ages
- ☒ To repair for around the cost of demolition just makes good sense
- ☒ It is an asset to the community – well loved by many
- ☒ It's an absolute no brainer

## I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ☒ It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water
- ☒ For that amount of money this special part of the community can be repaired
- ☒ It can be made fully useable for a comparable price so Repair – don't Demolish
- ☒ It just needs repair. Not a rebuild
- ☒ The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town.
- ☒ It's an important memory for far to many people, it can't go.

I disagree with all of the Council options for Petone assets.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ☒ It is an iconic landmark of the drive into Petone – of historic importance
- ☒ It is a well loved recreational facility for people of all ages
- ☒ To repair for around the cost of demolition just makes good sense
- ☒ It is an asset to the community – well loved by many
- ☒ It's an absolute no brainer

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water

For that amount of money this special part of the community can be repaired

It can be made fully useable for a comparable price so Repair – don't Demolish

It just needs repair. Not a rebuild

The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town.

It's an important memory for far to many people, it can't go.

*Because it's the only landmark is the HST & connection to our past history*

~~I do~~ I do not wish to speak to Councillors about my submission.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It's historic and offers people a lot of different activity opportunities.
- ☒ We need to stop pulling down structures that a community enjoys.

I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

**I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people

The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ ➤ Remediation is possible for around the same amount
- ☒ ➤ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☒ ➤ There is an alternative method of repair that will work
- ☒ ➤ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☒ ➤ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ ➤ It is a local icon and must be saved

I want The Wharf to stay same length

## **My submission for Petone Wharf**

Yes we want to keep it – it is a historic icon to our region and a tourist opportunity – for the East West Ferry and private charter and personal craft using the wharf.

I believe: **What we need is sponsorship** from businesses, individuals, clubs, organisation – amazing what money can be raised when there is a target and reward . There are some people who would give funds to this worthy cause – in return for their name on a brick or plaque – like outside The Dowse.

Maybe Gold \$200,000

Silver \$100,000

Bronze \$50,000

And other colours for \$10,000, \$5,000, \$2,000\$ and \$1,000 \$500 and other

They did it outside Salvation Army Petone for their playground. Regards Wendy Rozenberg

 Long time resident of Petone – and my grandparents too.

I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people
- ☒ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ ➤ Remediation is possible for around the same amount
- ☒ ➤ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☒ ➤ There is an alternative method of repair that will work
- ☒ ➤ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☒ ➤ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ ➤ It is a local icon and must be saved

**I want Petone Wharf repaired and being used because:**

The wharf is iconic to Petone, before it was closed, every day there were people enjoying fishing, swimming, just enjoying the harbour, ocean. I had enjoyed the wharf since being a child - fishing etc.

☒ I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

There is a better solution, to which the council was informed about, with visual and technical information at the meeting of 20/2/24. To which I was present along with other staunch Petone wharf supporters. If it can be saved for the same amount to demolish it, so no other folks can enjoy it. Its a no brainer.

I ~~live in/work in~~ visit Petone

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people
- ☒ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ ➤ Remediation is possible for around the same amount
- ☒ ➤ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☒ ➤ There is an alternative method of repair that will work
- ☒ ➤ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☒ ➤ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ ➤ It is a local icon and must be saved

☒ I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ • There is nothing else like it in the Wellington area.
- ☒ • It's a special place
- ☒ • I've walked it countless times with members of my family and want us all to be able to continue to do that.
- ☒ • It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.
- ☒ • Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ ➤ Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.
- ☒ ➤ I'd rather see \$6M spent on restoration.
- ☒ ➤ The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring!
- ☒ ➤ I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone.
- ☒ ➤ Wharves are an important recreational asset.

☒ I do/do not wish to speak to Councillors about my submission.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It's historic and offers people a lot of different activity opportunities.
- ☒ We need to stop pulling down structures that a community enjoys.
- ☒ It has always been the most used wharf in the Hutt.
- ☐ Council should listen and do the right thing.
- ☒ Once it's gone it will never be back. Some history should be treasured.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☐ None of the options for Petone assets should be agreed to.
- ☒ I'd rather see \$6M spent on restoration.
- ☒ There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- ☒ Some things should stay as is. The wharf is very important to Petone.
- ☐ With some basic remedial work we can again enjoy it as it is.

- ✓ • Council should listen and do the right thing.
- ✓ • Once it's gone it will never be back. Some history should be treasured.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ✓ ➤ None of the options for Petone assets should be agreed to.
- ✓ ➤ I'd rather see \$6M spent on restoration.
- ✓ ➤ There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- ✓ ➤ Some things should stay as is. The wharf is very important to Petone.
- ✓ ➤ With some basic remedial work we can again enjoy it as it is.

☒ I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ☒ It is an iconic landmark of the drive into Petone – of historic importance
- ☒ It is a well loved recreational facility for people of all ages
- ☒ To repair for around the cost of demolition just makes good sense
- ☒ It is an asset to the community – well loved by many
- ☒ It's an absolute no brainer

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ☒ It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water
- ☒ For that amount of money this special part of the community can be repaired
- ☒ It can be made fully useable for a comparable price so Repair – don't Demolish
- ☒ It just needs repair. Not a rebuild

The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town.

It's an important memory for far to many people, it can't go.

~~I do~~ I do not wish to speak to Councillors about my submission.

## **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ✓ • There is nothing else like it in the Wellington area.
- ✓ • It's a special place
- ✓ • I've walked it countless times with members of my family and want us all to be able to continue to do that.
- ✓ • It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.
- ✓ • Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did.

## **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ✓ ➤ Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.
- ✓ ➤ I'd rather see \$6M spent on restoration.
- ✓ ➤ The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring!
- ✓ ➤ I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone.
- ✓ ➤ Wharves are an important recreational asset.

- ☒ It is an iconic landmark of the drive into Petone – of historic importance
- ☒ It is a well loved recreational facility for people of all ages
- ☒ To repair for around the cost of demolition just makes good sense
- ☒ It is an asset to the community – well loved by many
- ☒ It's an absolute no brainer

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water
- ☒ For that amount of money this special part of the community can be repaired
- ☒ It can be made fully useable for a comparable price so Repair – don't Demolish
- ☒ It just needs repair. Not a rebuild
- ☒ The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town.
- ☒ It's an important memory for far to many people, it can't go.

I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

## I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- There is nothing else like it in the Wellington area. ✓
- It's a special place ✓
- I've walked it countless times with members of my family and want us all to be able to continue to do that. ✓
- It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open. ✓
- Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did. ✓

## I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude. ✓
- I'd rather see \$6M spent on restoration. ✓
- The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring! ✓
- I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone. ✓
- Wharves are an important recreational asset. ✓

I do ~~do not wish to speak~~ to Councillors about my submission.

I disagree with all of the Council options for Petone assets.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people
- ☒ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ☒ ➤ Remediation is possible for around the same amount
- ☒ ➤ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☒ ➤ There is an alternative method of repair that will work
- ☒ ➤ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☒ ➤ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ ➤ It is a local icon and must be saved

## Hutt City Council Long Term Plan 2024-2034 Submission

Name: Anita Caswell

Email address:

or Phone No:

I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

It's an iconic regional asset

It is part of our history and we should not be trying to knock it down

Walking on it is good for people's mental health and wellbeing

It gives pleasure to young and old alike and to fisher people

The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- Remediation is possible for around the same amount
- This money can be spent to repair the wharf and have it available for future generations to enjoy
- There is an alternative method of repair that will work
- Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- Walking to the end makes you feel like you are in the middle of the harbour – very special.
- It is a local icon and must be saved

I do not wish to speak to Councillors about my submission.

(A Council officer will contact you to arrange a time for you to present by Zoom or face to face at the Long-Term Plan hearings to be held 15 to 17 May 2024).

I live in/work in/visit Petone ☒

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ • It's historic and offers people a lot of different activity opportunities.
- ☒ • We need to stop pulling down structures that a community enjoys.
- ☒ • It has always been the most used wharf in the Hutt.
- ☒ • Council should listen and do the right thing.
- ☒ • Once it's gone it will never be back. Some history should be treasured.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ ➤ None of the options for Petone assets should be agreed to.
- ☒ ➤ I'd rather see \$6M spent on restoration.
- ☒ ➤ There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- ☒ ➤ Some things should stay as is. The wharf is very important to Petone.
- ☒ ➤ With some basic remedial work we can again enjoy it as it is.

  
I ~~do~~ do not wish to speak to Councillors about my submission.

~~I do not agree with all of the Council options for Petone assets.~~

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ✓ ☒ • There is nothing else like it in the Wellington area.
- ✓ ☒ • It's a special place
- ✓ ☒ • I've walked it countless times with members of my family and want us all to be able to continue to do that.
- ✓ ☒ • It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.
- ✓ ☒ • Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ✓ ☒ ➤ Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.
- ✓ ☒ ➤ I'd rather see \$6M spent on restoration.
- ✓ ☒ ➤ The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring!
- ✓ ☒ ➤ I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone.
- ✓ ☒ ➤ Wharves are an important recreational asset.

- ☒ Council should listen and do the right thing.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ☐ None of the options for Petone assets should be agreed to.
- ☒ I'd rather see \$6M spent on restoration.
- ☒ There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- ☒ Some things should stay as is. The wharf is very important to Petone.
- ☐ With some basic remedial work we can again enjoy it as it is.

  
I do/do not wish to speak to Councillors about my submission.

I live in and work in Petone

I disagree with all of the Council options for Petone assets.

**I want Petone Wharf repaired and being used because:**

It's an iconic part of not just Petone's, but Wellington's history and that of NZ

It is part of our history and we should not be trying to knock it down

Walking on it is good for people's mental health and wellbeing

It gives pleasure to young and old alike and to fisher people

The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

- It will draw people to Petone when the cycleway is finished

I disagree with all of the Council options for Petone assets.

I want Petone Wharf repaired and being used because:

MY FATHER WAS BORN IN PETONE IN 1902,  
MY SIBLINGS & I IN THE 1940'S. WE ALL GREW  
UP USING THE WHARF FOR FISHING, JUMPING OFF &  
SAILING ACTIVITIES. IT WAS SUCH A BIG PART OF  
OUR LIVES & HAS BEEN FOR THOUSANDS OF PEOPLE

I do not agree with the Hutt City Council options to demolish Petone  
Wharf for around \$6M because:

EVER SINCE IT WAS BUILT, IT WOULD BE A REAL  
SHAME IF FUTURE GENERATIONS COULD NOT  
BENEFIT IN THE SAME WAY, NOT TO MENTION  
THE HARBOUR FERRIES ALSO USING IT.  
IF IT CAN BE REPAIRED FOR THE SAME COST  
AS DEMOLITION IT IS A NO BRAINER.

**I want Petone Wharf repaired and being used because:**

It is a heritage asset loved and used by many locals and tourists  
It is an asset for ferry services for commuters and tourists  
Ferry service has used it and can do again  
Another link in case of earthquake disruption of land based transport routes

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- It's historic and offers people a lot of different activity opportunities. ✓
- We need to stop pulling down structures that a community enjoys.
- It has always been the most used wharf in the Hutt.
- Council should listen and do the right thing. ✓
- Once it's gone it will never be back. Some history should be treasured.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- None of the options for Petone assets should be agreed to.
- I'd rather see \$6M spent on restoration. ✓
- There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- Some things should stay as is. The wharf is very important to Petone.
- With some basic remedial work we can again enjoy it as it is.

I live in/work ~~in~~ Petone

I disagree with all of the Council options for Petone assets.

## I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people
- ☒ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

## I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ☒ Remediation is possible for around the same amount
- ☒ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☒ There is an alternative method of repair that will work
- ☒ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☒ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ It is a local icon and must be saved

I disagree with all of the Council options for Petone assets.

**I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

☒ It's an iconic regional asset

☒ It is part of our history and we should not be trying to knock it down

☒ Walking on it is good for people's mental health and wellbeing

☒ It gives pleasure to young and old alike and to fisher people

The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

☒ Remediation is possible for around the same amount

☒ This money can be spent to repair the wharf and have it available for future generations to enjoy

☒ There is an alternative method of repair that will work

☒ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.

☒ Walking to the end makes you feel like you are in the middle of the harbour – very special.

☒ It is a local icon and must be saved

## **Hutt City Council Long Term Plan Submission**

Name: Megan Drayton

Email address:

or Phone No:

I live in Petone.

I disagree with all the options to demolish Petone Wharf and would like to see it repaired to a state where it can be used again by the community.

### **About my Whānau**

I have lived in Petone for almost 20 years. Petone Wharf has been an important part of our lives in this community. When my children were young, we would take them fishing on the wharf, or just for a walk on their scooters. As the children got older, they gained the confidence to jump off the wharf into the sea. Many, many hours were spent doing bombs off that wharf, not just with their own friends but with others in the community. In the times we spent on the wharf as a family – there were always so many people using and enjoying the wharf. At the heart of my submission, I want this wharf saved, so that future generations get to enjoy the landmark like we have. To walk on, fish on, jump off and photograph.

I fully appreciate the constraints that the Council is under with aging infrastructure, however this is a listed historical asset that is important to Petone, and I believe the Council has a duty to save it and invest in its future. This also needs to happen quickly – not leave it for another ten years of producing multiple reports and dilly-dallying around making decisions.

I have a few other comments:

### **Longevity of this issue**

The discussions about the future of this wharf have been going on for far too long. My daughter presented a submission to Council in person on the future of the wharf when she was ten years old. She has just turned 17! I get the distinct sense that the former Councils and the current Council just keep pushing this issue further and further out, until it will get to the point that there is no option but to demolish it. This wharf has been neglected for years and years, with minimal effort and expense put into maintaining the structure. Had it been maintained properly over the years, we may not be at the stage we are at now.

### **Proposal to demolish**

I have seen no costs on how Council has come up with the figure of \$6 million to demolish. Where are these costings? How much will it cost to obtain resource consent to demolish an historic asset? How much will it cost if this ends up in the

Environment Court? This information and costings are missing from the Long Term Plan. It beggars' belief that Council can ask ratepayers to form an opinion on these costs when they are by no means certain, and in fact are likely to be well under the actual costs related to demolition and the demolition itself.

### **Council income from Petone**

Finally a comment on our rates and Council planned investment in Petone. It is my understanding that Council will collect \$350 billion in rates over the next ten years from Petone alone, and expects to spend \$20 million on investment in Petone assets in that time. Residents of Petone see massive Council investment in other areas of the Hutt and yet very little appears to be spent on Petone infrastructure. Why is this? With an individual contribution of around \$6,000 a year in rates, I expect more investment in Petone from Council.

### **Parking**

I am opposed to paid parking in Petone. This will ruin the village nature of Petone and be a disincentive to others coming to eat and shop in our community.

Also this is likely to affect me personally as a resident in a nearby street to Jackson Street. It is already impossible to get a park outside my house during the week, and paid parking in Jackson is likely to make this situation worse.

I do wish to speak to Councillors about my submission.

On Fridays 6 or more of the above attend the Koha Cafe run by Timebank and held at the Depot, which is directly opposite the library. Koha Cafe is held from 11am - 3pm. After lunch at about 2pm we then cross back to the library to attend a collage - making activity until 3pm. Approx.

As to be expected the time taken for these activities is from four to 5 hours and we all park in the carpark at the back of the library.

On Sunday the same group of men and women attend a colouring group. It is a private group which used to be held in one of the rooms off the library foyer and has been recently moved to inside the library. This group runs from 1pm until 4pm.

The peace and enjoyment of these meetings would be completely eroded if the Hutt City Council placed more physical and financial stress on the retirees of this area. Some of the group can't walk far or fast and rely on the handiness of the library and its environs for access to Jackson Street, nearby cafes and The Lighthouse" cinema.

Two of our group use walking sticks, one has recently been in hospital and one is recovering from cancer.

These members would like speak in person with regard to the above.

Yours with respect,

Louise Black (member of the above group)

I disagree with all of the Council options for Petone assets.

I want Petone Wharf repaired and being used because:

Ensures historical preservation; provides access & connection of people to their coastal environment - ACCESS FOR ALL.  
A dry wharf gives access to marginalised disabled group & provides inclusiveness

I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

IMO the wharf adds more to the overall Ngā Uiranga Ki Pito-One concept/design... it's an iconic attraction, a destination along our haurauru coast for locals + visitors. HCC wants to encourage visitors to our region, so once they get here what is there? To demolish the wharf is indirect whakaheke to

**I want Petone Wharf repaired and being used because:**

It's an iconic regional asset, there is nothing else like it in the Wellington area.

It's a special place - It is part of our history, and we should not be trying to knock it down.

I've walked it countless times with members of my family and want us all to be able to continue to do that. Walking on it is good for people's mental health and wellbeing.

It gives pleasure to young and old alike and to fisher people. It is popular with local teens for wharf jumping.

It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

- I attended the two evenings the council ran consulting on the LTP in Petone. I believe there was little opportunity to give feedback on whether we wanted the wharf to stay or go, discussion was carefully directed to other areas of the waterfront by those conveying the meeting. I believe that the consensus from the group was the wharf should remain; understanding there could be some modifications to the end part, but it was widely agreed that it should remain. I was surprised to hear that it wasn't documented in this way. I felt the moderators of the meeting were biased by not allowing proper discussion on this as I thought there would be.
- Remediation is possible for around the same amount. With the investment in the coastal City to Petone walkway this would be an attraction or point people can visit.
- This money can be spent to repair the wharf and have it available for future generations to enjoy. I'd rather see \$6M spent on restoration.
- There is an alternative method of repair that will work.
- I have always loved this wharf, such great memories from living here.
- Would hate to see it go, it is an iconic piece of Petone.
- Walking to the end makes you feel like you are in the middle of the harbour – very special.
- It is a local icon and must be saved. Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.

I reside in Wainuiomata and regularly visit Petone.

I disagree with the Council options for Petone assets, in particular for the Petone Wharf.

I would encourage the Council to see Petone Wharf repaired and returned to use because:

- It is of historic importance
- It is an iconic landmark of the drive into and through Petone foreshore area
- It is a well-loved recreational facility for people of all ages
- To repair for around the cost of demolition just makes good sense as a cost-neutral option
- It is an asset to the community and is used for a variety of activities
- There is already an agreed provision for ongoing maintenance.

I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

- For that amount of money this special part of the community can be repaired. A rebuild is not required
- It can be made fully useable for a comparable price so Repair – don't pursue options to Demolish
- It just needs repair as detailed in the Council's own engineering reports and this can be achieved at about the same cost for demolition by employing different, proven technology
- Demolition would be challenged by consenting government agencies to seriously consider alternatives
- It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water
- The Petone wharf is an important landmark here and it needs to be repaired
- It's a treasured part of our town, but it is also used by the public from across the wider Wellington region
- It could be incorporated to enhance the Ngauranga walkway development, which would further increase the Wharf's amenity value.
- It's an important memory for many people; it should not be allowed to be removed.

I do not wish to speak to Councillors about my submission.

I visit Petone regularly

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

Petone wharf has been an icon in Petone for 140 years, and has been a huge recreational attraction and asset for young and old, for many, many decades. My parents spent hours relaxing, meeting people and fishing from the wharf, as did I, and my children too. If Council demolish the wharf, then my grandchildren would miss the highlight of many weekends by not being able to spend time on it.

When I compare the number of people using Petone Wharf (when it was open), with the number of people using the Lower Hutt to Petone cycleway, it's an absolute no brainer to spend the money to repair the wharf. The cost per user for repairing the wharf would only be a small fraction of the cost per user of the cycleway. To me, if the cycleway spending makes sense, then repairing the outstanding Petone Wharf make infinitely more sense and much better value for (ratepayers') money.

It seems absurd that the council should even be considering demolishing this marvellous icon. Council needs to listen to the people on this one

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

It is really bad value for ratepayers' money, to spend \$6m, with seemingly no upside. I believe that many people come to Petone, especially in summer, just to go to the wharf. Potentially this demolition could have a noticeable impact on Petone's local economy.

- I do not wish to speak to Councillors about my submission.

I disagree with all of the Council options for Petone assets.

I want Petone Wharf repaired and being used because:

It will continue its extensive benefit over its long life  
by for locals, visitors and commerce who fish, swim,  
sail ~~state~~, kayak & walk in the area. It could be the  
basis for planning for future ferry and commercial  
use and also provide for emergency relief in  
the area.

I do not agree with the Hutt City Council options to demolish Petone  
Wharf for around \$6M because:

The \$6million could be used rationally to protect the  
existing structure. The additional \$4million allocation  
for a memorial could become the initial maintenance  
budget. Over this period the Council's approach  
could change to seeing the wharf as a long-term  
asset for the Hutt valley, with funding allocated  
for a major benefit, not the ~~loss~~ <sup>cost</sup> it seems to  
currently seem as.

I work in and visit Petone

I disagree with all of the Council options for Petone assets, particularly the Petone Wharf demolition

### **I want Petone Wharf repaired and being used because:**

I am writing to express my strong opposition to the proposal put forth in the Hutt City Council's Long Term Plan to demolish the historic Petone Wharf. Built over 140 years ago, the Petone Wharf stands not just as a physical structure but as a symbol of our community's history and identity. Its closure due to earthquake damage does not necessitate its destruction; instead, it calls for thoughtful restoration and preservation.

The Petone Wharf holds significant historical value, serving as a connection to our past and a reminder of the maritime heritage that shaped our region. Its demolition would not only erase a piece of our history but also disregard the potential for adaptive reuse and revitalization.

Preservation of the Petone Wharf represents an opportunity to celebrate our heritage, attract tourism, and provide a unique space for community gatherings and events. With proper restoration efforts, the wharf could once again become a vibrant hub for residents and visitors alike, contributing to the cultural and economic vitality of our city. Future generations of children will play and delight in this landmark as have many in the past.

Furthermore, the demolition of the Petone Wharf would set a dangerous precedent for the disregard of historical landmarks and precious heritage sites in our community. As stewards of our shared history, it is our responsibility to protect and preserve these assets for future generations to appreciate and enjoy.

I urge the Hutt City Council to reconsider the decision to demolish the Petone Wharf and instead allocate resources towards its restoration and rehabilitation. By investing in the preservation of this historical landmark, we not only honour our past but also invest in a more vibrant and culturally rich future for our community.

On a personal level, as a District Nurse working at times in Petone, a stroll along the waterfront with the beautiful sight of the wharf stretching out into the harbour is guaranteed as a calming influence during often stressful times.

Thank you for considering my concerns. I trust that the Hutt City Council will make the right decision to safeguard the Petone Wharf for generations to come.

I do not wish to speak to Councillors about my submission.

## Please Don't Demolish Petone Wharf

From Alfred Memelink [REDACTED]

I live and work in Petone

I **disagree** with all of the Council options for Petone assets and am against the desire to introduce parking fees in and around Petone

### **I would like Petone Wharf to be repaired and be able to be used by the public:**

- It's an iconic landmark of historic importance and is one of the focal points and heart of what makes Petone the delightful and special place it is
- It is a well loved recreational facility for people of all ages, used for fishing, walking, relaxing and many boating and water activities. The wharf adds a highlight and special destination to a beach walk. There are so many grownups who enjoy very special childhood memories of happy times spent on the wharf and it important that youth of today and the future be given the same opportunity to enjoy the wharf and also create fond memories of happy times on it.
- If the money that was set aside for the demolition of the wharf was instead used to repair the wharf would be a huge benefit to the community.
- The wharf is well loved by many and is an important asset to the community.
- The wharf could be set up so that it could be used as a vital link and lifeline to Wellington in the event of a natural disaster which could make the Hutt Motorway unusable and railway lines cut off.
- If the wharf was to be demolished, it will be regretted for ever and create a sad and lonely scar in the heart of Petone.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M.**

For the similar amount of money this special part of the community can be repaired and made fully useable for all the public to enjoy. Our wharf is an important landmark and a really loved part of our town and once it's reopened, it is likely that it will be even more popular than ever and even enjoyed more.

It forms an important and treasured memory for far to many people, it can't go.

# Rates relief for low-income households

## Q.8

**What is your preferred option for implementing a rates remission policy to help low-income homeowners?**

Option 1

I prefer the proposal to offer a remission (up to \$250 per year for eligible households).

*This is Council's preferred option*

Option 2

I prefer we maintain the status quo and not offer a remission based on financial hardship.

I have no preference

# Petone assets

## Q.9

**What is your preferred option for undertaking work on the three Petone assets – the library building, the grandstand and the wharf?**

Option 1

**Library:** A new, multi-purpose, shared facility potentially delivered in partnership.

**Wharf:** Demolish the wharf and install a memorial display.

**Petone Recreation Ground grandstand:** Demolish seating and refurbish existing ground floor facilities.

*This is Council's preferred option*

Option 2

**Library:** Refurbish the existing building including minor internal layout changes.

**Wharf:** Demolish the wharf, install a memorial display and make improvements to the Esplanade.

**Petone Recreation Ground grandstand:** Demolish the entire grandstand, rebuild changing rooms and provide some seating.

I have no preference

I want Petone Wharf repaired and being used because:

It holds a lot of good memories of growing up in the area. Fishing, walking & jumping off the wharf is something I would like to do again and I would like my own children to enjoy the wharf. Having lived overseas for a time I have seen how other wharfs are a real draw card for regions.

I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

The wharf can be repaired and maintained for less than the cost of demolishing it. The cost to demolish is very conservative as there will be a lot of consents needed and public opposition to demolishing the wharf will also prove problematic for the council. This is an asset for Petone & should be repaired and put back into use for the local community.

The wharf is a great asset for Petone and the whole region. It is spectacular, & beautiful reminder of Petone's industrial history. It has been actively used & enjoyed by people of all ages. Over 50 years I have taken school children and my own family for fishing, and looking with a fresh perspective so far out to sea. We all love the wharf!

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

Demolishing the wharf would be a dreadful waste! Fortunately, we now have simple and trustworthy, proven technology to repair the piles at modest cost. Pile Medic® system will quickly and safely wrap around existing piles, providing a watertight sheath down to sea-bed level. The end result will be piles restored to original construction capacity, fully protected from the harsh environment, and back in service for more than 50 years. The cost of Pile Medic will be less than the \$6m. cost of demolishing the wharf. It must be a winner for everyone!

**I want Petone Wharf repaired and being used because:**

It is a great focal point and attraction for Lower Hutt. It was extremely well used particularly during the summer months when teenagers gather to wharf jump, as well as being popular for fishing. It has historical significance with the early wharf built in 1883 and this current one in 1907. It might be a vital piece of infrastructure in the future if anything were to happen to SH2.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

Wharves are important recreational assets. Not everything should be demolished particularly if they have historical significance. If it was refurbished years ago when initially discussed it would have cost far less. Hutt City never wanted to refurbish it and it is like they just feel this is the easiest and tidiest thing to do.

I ~~do~~/do not wish to speak to Councillors about my submission.

I live in Petone

I disagree with all of the Council options for Petone assets.

**I want Petone Wharf repaired and being used because:**

It's an iconic regional asset, there is nothing else like it in the Wellington area.

It's a special place - It is part of our history, and we should not be trying to knock it down.

I've walked it countless times with members of my family and want us all to be able to continue to do that. Walking on it is good for people's mental health and wellbeing.

It gives pleasure to young and old alike and to fisher people. It is popular with local teens for wharf jumping.

It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

- Remediation is possible for around the same amount. With the investment in the coastal City to Petone walkway this would be an attraction or point people can visit.
- This money can be spent to repair the wharf and have it available for future generations to enjoy. I'd rather see \$6M spent on restoration.
- There is an alternative method of repair that will work.
- I have always loved this wharf, such great memories from living here.
- Would hate to see it go, it is an iconic piece of Petone.
- Walking to the end makes you feel like you are in the middle of the harbour – very special.
- It is a local icon and must be saved. Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.

or [REDACTED]

I live and work in Petone.

I disagree with all the Council options to demolish the Petone Wharf.

### **I want Petone Wharf repaired and being used because:**

The wharf holds a huge amount of sentimental and practical value to me. Growing up in Petone, I used the wharf frequently for jumping and fishing on top of just normal walks down there. Those experiences are ones I hold very dear, and it does not make sense to take away that opportunity for the future generations to enjoy the wharf with friends and family.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

The cost to demolish the wharf as far as I'm aware is no more expensive than it is to repair it. It's a staple destination of Petone and benefits our community.

I do not wish to speak to Councillors about my submission.

### **My submission:**

I disagree with all the Council options to demolish the Petone Wharf and would like to see it repaired so it can be used again.

Petone Wharf has huge significance to our family, and we would like to see it retained and repaired.

My parents met at a New Year's party in 1999-2000 at Petone Wharf.

Eight days later they got engaged, and their wedding was eventually held in Petone and on the Wharf.

It would be a real shame to see the wharf go.

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- It's historic and offers people a lot of different activity opportunities.
- We need to stop pulling down structures that a community enjoys.
- It has always been the most used wharf in the Hutt.
- Council should listen and do the right thing.
- Once it's gone it will never be back. Some history should be treasured.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- None of the options for Petone assets should be agreed to.
- I'd rather see \$6M spent on restoration.
- There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- Some things should stay as is. The wharf is very important to Petone.
- With some basic remedial work we can again enjoy it as it is.

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ • It's historic and offers people a lot of different activity opportunities.
- ☒ • We need to stop pulling down structures that a community enjoys.
  - It has always been the most used wharf in the Hutt.
- ☒ • Council should listen and do the right thing.
- ☒ • Once it's gone it will never be back. Some history should be treasured.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- None of the options for Petone assets should be agreed to.
- ☒ I'd rather see \$6M spent on restoration.
- ☒ There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- ☒ Some things should stay as is. The wharf is very important to Petone.
- With some basic remedial work we can again enjoy it as it is.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people
- ☒ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- ☒ Remediation is possible for around the same amount
- ☒ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☒ There is an alternative method of repair that will work
- ☒ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☒ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ It is a local icon and must be saved

## Hutt City Council Long Term Plan Submission

Name: *Sandra Prichard*

Email address  
or Phone No:

I live in/~~work in~~/visit Petone

I disagree with all of the Council options for Petone assets.

**I want Petone Wharf repaired and being used because:**

*In times of flooding / earthquakes it will be the only access to the Hutt Valley. Remember the floods in Hutt Valley and access difficulties in the late 1970's.*

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

*see above.*

☒ I do/do not wish to speak to Councillors about my submission.

(A Council officer will contact you to arrange a time for you to present by Zoom or face to face at the Long-Term Plan hearings to be held 15 to 17 May 2024).

I live in/work in/~~visit~~ Petone

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ It's an iconic regional asset
- ☒ It is part of our history and we should not be trying to knock it down
- ☒ Walking on it is good for people's mental health and wellbeing
- ☒ It gives pleasure to young and old alike and to fisher people
- ☒ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☒ ➤ Remediation is possible for around the same amount
- ☒ ➤ This money can be spent to repair the wharf and have it available for future generations to enjoy
- ☐ ➤ There is an alternative method of repair that will work
- ☐ ➤ Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.
- ☐ ➤ Walking to the end makes you feel like you are in the middle of the harbour – very special.
- ☒ ➤ It is a local icon and must be saved

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- There is nothing else like it in the Wellington area.
- It's a special place
- ✓ • I've walked it countless times with members of my family and want us all to be able to continue to do that.
- ✓ • It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.
- ✓ • Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.
- I'd rather see \$6M spent on restoration.
- ✓ ➤ The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring!
- I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone.
- Wharves are an important recreational asset.

~~I live in/work in/visit Petone~~

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ☒ • It's historic and offers people a lot of different activity opportunities.
- ☐ • We need to stop pulling down structures that a community enjoys.
- ☐ • It has always been the most used wharf in the Hutt.
- ☒ • Council should listen and do the right thing.
- ☒ • Once it's gone it will never be back. Some history should be treasured.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- ☐ ➤ None of the options for Petone assets should be agreed to.
- ☒ ➤ I'd rather see \$6M spent on restoration.
- ☒ ➤ There are now faster and more cost effective ways to repair the wharf, and potentially the grandstand as well.
- ☐ ➤ Some things should stay as is. The wharf is very important to Petone.
- ☒ ➤ With some basic remedial work we can again enjoy it as it is.

~~I do not wish to speak to Councillors about my submission.~~

24 April 2024

To Mayor and Councillors of Hutt City Council

**Re Proposed Demolition of Petone Wharf**

I am writing to advise you that I am vehemently against the demolition of Petone Wharf.

I have been a resident of Petone for over 50 years and have, of course, seen a lot of change in Petone over that time. From the factories and Gear Meat Works industrial period to its current thriving state with its strip of restaurants and high end shops. I believe demolishing Petone Wharf would negatively impact on the community as it is an iconic part of Petone's identity.

Recently I assisted with a stall at Petone Rotary Fair collecting signatures to assist the group that are working towards saving Petone wharf. I was surprised at the level of anger exhibited by members of the public regarding the demolition of Petone Wharf. This extended beyond locals to include visitors from around the Hutt Valley.

I would also like to voice my disappointment at the feedback form for the "Long Term Plan" regarding Petone Assets. In Question 9 no options for saving Petone Wharf were offered despite the Petone Wharf group offering up a proposal to save it. I am very disappointed in the way this has been presented to the public.

Ngā mihi

Used to live in Petone. My mum was a Petone Borough Councillor for 21 years!!!

I disagree with all of the Council options for Petone assets.

**I want Petone Wharf repaired and being used because:**

This is a heritage facility. It attracts visitors/tourists not only to Petone, but to the wider Wellington Region. People use it to fish off it, for recreation. It has been a landmark since the start of the 20th century.

**I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

You will get more buy in from the public at large, by restoring the wharf. Maybe get naming rights or sponsorship deals.

There are very few Heritage facilities or structures as it is, in the Hutt Valley, so this would be a positive move, not a negative one. We need to promote the local features not demolish or demolish them. This attracts people to the area, & helps with custom for businesses etc.

I do/do not wish to speak to Councillors about my submission.

I disagree with all of the Council options for Petone assets.

**I want Petone Wharf repaired and being used because:** It has always been a community asset that everyone can use. You don't need to be rich. Young and old can enjoy it. In future it would be great if it could be used for public transport (ferries).

**I do not agree with the Hutt City Council options to demolish Petone**

**Wharf for around \$6M because:**

It can be repaired. Of course I don't support its demolition. A local company is available to do the work to repair and strengthen the piles. That's all it needs. Then we can use it for the next 50 years with minimal annual maintenance cost. Demolition will require consent that will be difficult and expensive to obtain and will be opposed. It would turn an excellent community asset into a huge pile of waste to be disposed of.

I do do not wish to speak to Councillors about my submission.

I live in/work in/visit Petone

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

(please tick beside all the statements you agree with)

- ✓ It's an iconic regional asset
- ✓ It is part of our history and we should not be trying to knock it down
- ✓ Walking on it is good for people's mental health and wellbeing
- ✓ It gives pleasure to young and old alike and to fisher people
- ✓ The wharf is a big part of my memories of the Hutt and Petone, my children growing up, walking my dogs. I want it to be there for my grandchildren when they are born.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

(please tick beside all the statements you agree with)

- Remediation is possible for around the same amount
- This money can be spent to repair the wharf and have it available for future generations to enjoy
- There is an alternative method of repair that will work
- Petone without our wharf would be like Pisa without the leaning tower! Some things may be wonky but they are still worth saving.

### I want Petone Wharf repaired and being used because:

(please tick beside all the statements you agree with)

- ☒ There is nothing else like it in the Wellington area.
- ☒ It's a special place
- ☒ I've walked it countless times with members of my family and want us all to be able to continue to do that.
- ☒ It's a great focal point and attraction for Lower Hutt. The lack of access to other wharves now means it's even more important to keep this one open.
- ☒ Our children/ grandkids can know the history and fish from the end of the wharf just like my Dad did.

### I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:

(please tick beside all the statements you agree with)

- Not everything should be demolished. It's almost as if it is the easiest and tidiest thing to do. HCC needs to change their attitude.
- I'd rather see \$6M spent on restoration.
- The wharf should be repaired so the Hutt Valley community can enjoy the recreation and relaxing pleasure it will bring!
- I have always loved this wharf, such great memories from when I was a child till now. Would hate to see it go, it is an iconic piece of Petone.
- Wharves are an important recreational asset.

I live in Petone

I disagree with the Council options for the Petone Wharf

## **I want Petone Wharf repaired and being used because:**

- It is an iconic landmark of historic importance that looks good and makes me feel good when I see it. Petone Foreshore would not have the same feel without the wharf.
- It has historic significance for the local swimming club where Learn to Swim lessons were taught from the wharf, and the finish line of the Matiu (Somes) Island swim was next to the wharf for many years.
- It is a well-loved recreational facility for people of all ages. My boys spent hours fishing & jumping off the wharf and jumping from it is a summertime, rite of passage for local teenagers.
- To repair for around the cost of demolition makes good sense and it should also be utilised as part of the public transport network to the CBD.

## **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

I like it and Petone would not be the same if it was gone.

The people of Petone and the Hutt Valley should not have to lose an icon because of lack of investment in other areas over previous decades.

Thanks for your consideration.

I live in Petone (since 2006)

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

It is a treasured community asset that has and would continue to attract hundreds of people each weekend from all over the Hutt and Wellington and beyond to enjoy. It is a place and a focal point where people of all ages, interests, ethnicities and backgrounds come to recreate – eat ice cream, get some exercise, take photos, fish, swim, run, chat to each other, take in the views, paint, photograph, enjoy the sun and the peace and the bird and fishlife.

I have caught fish off the wharf with my kids and at nearly any time of the week there would be serious fisherpeople catching free kai for their families. Lots of kids have caught their first herring or spotty or kahawai from there. Other than Hutt bridge there is no other decent place to do that left in the Harbour.

In summer it's a great place to swim, dive and generally horse around. This is a city that has lost its biggest pool for the best part of 10 years. Mackenzie is great, but only of interest to kids. The wharf is bigger, better, deeper and higher, and a great place to swim, bomb, manu etc. Unlike the richer parts of Chch, Auckland, Wairarapa etc, hardly anyone here has the means or the living areas for a private pool, which is why big community assets like this, that can be used for free by anyone across the city, are so important. It is in the interests of the city as a whole to contribute a little to ensuring it is retained.

The wharf was a great place to catch the ferry from and if there is some kind of terrible earthquake or other event, it will act as an important lifeline between the Hutt and the city.

My common sense tells me that far from being a dangerous place in an earthquake (unlike for instance Jackson Street itself), the worst that could happen is the unlikely outcome that you'd fall into the water – which is why I question why it has been out of bounds for so long.

Finally, there is just the heritage, the history, the engineering feat, and the sheer soul of the place that will be lost forever should the council demolish it. If they could build it with donkeys and shovels and drills etc in the early part of the 20<sup>th</sup> century, it seems amazing that in this day and age it's thought to be beyond the current council and community to fix it.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

Of the above. Why spend \$6m of our money getting rid of the treasured and important asset that can be repaired for less, or if not for less, then at a price that still makes sense for such an important and meaningful social, cultural, physical and well-loved Hutt City icon.

It is needed for fishing, walking, relaxing and enjoying the peace of being surrounded by water

For that amount of money this special part of the community can be repaired

It can be made fully useable for a comparable price so Repair – don't Demolish

It just needs repair. Not a rebuild

The wharf is as important as the pipes The Petone wharf is an important landmark here and it needs to be repaired. It's a really loved part of our town.

It's an important memory for far to many people, it can't go.

Our family use this wharf daily in the summer.

Petone Wharf is an essential feature of the Lower Hutt Valley. It is one of the few built pieces that adorns our coastal environment. I have met many people from different parts of the world who have appreciated the visual taonga that it provides.

It's role as a destination will be heightened with the completion of the cycleway that will connect the Hut Valley with Wellington, via State Highway Two. The construction of this new path will increase the popularity of the wharf as a destination.

The wharf is an asset, whose benefits have been undermined by a council seemingly determined to present it as expensive folly.

Given the Council has invested in both the Eastbourne and Days Bay wharves, the citizens of the Hutt and Petone areas should equally be allowed access to such an amenity.

I support saving Petone Wharf. I disagree with the 2024 Long-Term Plan options that Hutt City Council is putting forward to demolish the Wharf. Instead, Hutt City Council should use the \$6 million earmarked for the Wharf demolition as the basis for an affordable long-term repair and maintenance programme. This will allow present and future generations to enjoy the wharf once again.

### Additional Feedback:

- Too many good memories to throw away.
- A communal structure with communal benefits
- A local tangata
- I'd rather have \$6M spent on restoration
- The wharf is important to me, my family, my community.

there is an ideal way of repairing it for the same cost by a local firm, using internationally proven methods. What could be better than that? I live in Petone

I disagree with all of the Council options for Petone assets.

### **I want Petone Wharf repaired and being used because:**

It is a well loved recreational facility for people of all ages and socio-cultural backgrounds. As a parent of 2 children, we have visited the wharf many times when it was open. It gave my children a glimpse in to other peoples ways of being and doing such as watching people fishing off the wharf and collecting kai from the piles. Many people dive for mussels around the piles and fish off the wharf to provide food for their families. Many different cultures were observed doing this along with many, including us, jumping off the wharves, doing manu's and recreational activities.

The stated cost of the demolitions matches what an independent company have costed to bring the entire wharf to a safe standard for the community to use again. If this is the case, it seems like a no-brainer to retain. The community doesn't need any embellishments of the wharf, just bring the existing structure to a safe standard.

### **I do not agree with the Hutt City Council options to demolish Petone Wharf for around \$6M because:**

It is home to a wide range of marine life including seahorses. Removing the wharf will remove a habitat for the existing sealife.

I spoke to some people fishing along the pipe bridge, Seaview roundabout and they were in favour of retaining the wharf as an additional option for fishing. Rachel Lyttle of Stokes Valley, Lene Makavalu of Naenae and Niko Tavita of Wainuomata all fish to support their families and all stated they would love to be able to fish off the Petone Wharf again. They also share memories of learning to fish off the wharf with their families. This would help to ease some of the congestion on the foot bridge.

Speaking to some people on the day of the community walk, Shiloh mentioned she would collect mussels for her nan and her nan would also use the lower deck of the wharf to immerse herself in the ocean for hauora. Another walker, Marie Pollock 87, who grew up in Petone had come all the way from Taita to walk and wanted to keep the wharf due to it's iconic status. People identify with the wharf due to their long term family experiences. Lani from Wainuomata came to the walk with her nan and said she was there due to her memories of swimming with her nan. Paul Cummings use to fish with his dad and now lives in Christchurch and was shocked to hear of suggestion of demolition. He said "deep down I am still a Petone Boy and I love my wharf". Neemia Tialita said that it is iconic and should be left for future generations to enjoy. Anaru, 9, would like it back to fish off it and jump off it. L

Anaru's mum also spoke of the historical significance of the wharf and that she would like her younger children to be able to have the fishing and jumping experiences too. Liam, 9 also wanted to walk dogs along it and fish off it. Others I spoke to gave many examples of childhood memories and the iconic and historical nature of it.

The wharf is an icon – this is a place to take all out of town visitors. It was the spot for visitors to appreciate Petone and its place within the Hutt. Once Te Ara Tupua is operating, this will be an important stopping point for cyclists. The wharf also provides deeper access in to the Harbour without needing to have a boat. Being out there on a sunny day, a windy day or whatever kind of day is good for the wairua – the only thing comparable is being up Te Whiti or Belmont Trig which is not accessible for all ranges of mobility.

I am also against paid parking on Jackson Street as this will lead to cars being parked in adjoining residential streets.
