*Yes, the taps need fixing,
but the house is on fire.*

“achieve intergenerational equity, by spreading costs between present and future ratepayers”

First guiding principle of your financial strategy (page 24)

Lower Hutt total direct emissions

Percentage of total emissions

Vehicles per day through Riverlink, SH2 at Melling:

2018: **49,000**

2036: **59,700**

KPI for Shared paths and cycleways over the next 10 years:

“Hold or increase length” (page 67)

Recomendations

- Create a credible plan to achieve Council's CO2 goals and embed this in its 10 Year Plan.
- Produce an implementation plan for Council's Integrated Transport Strategy
- Rapidly progress an integrated cycling network, along with other measures in the Integrated Transport Strategy, to achieve rapid mode shift.
