

# Neighbourhoods and Communities – delivering on Council's new strategic direction and priorities

# Neighbourhoods and Communities context

# What does thriving look like?

- Being explored through the 30 year city strategy, using Taituara well-being indicators and measures
- Neighbourhoods & Communities focus on social and cultural wellbeing
- Further work to be done on Te Tiriti o Waitangi and te ao Maori models

## Connected Communities in the draft LTP

- Focus on both people and the places and spaces that meet their needs.
- Connecting communities to Council and Councillors, community boards and community service providers so we can optimise our collective effort to improve results on the ground
- Brokering partnerships to help connect people and groups and create networks
- Connecting people to the support and services they need, including digital access and education, and activities that support wellbeing
- Provide and enable spaces, places and events for people to connect

## DRAFT STRATEGIC FRAMEWORK

|   |   |
|---|---|
| <b>Purpose</b>                                | So that neighbourhoods and communities are supported and enabled to thrive  |
| <b>What would success (thrive) look like?</b> | To be determined by city strategy and selected indicators in the Wellbeing Index, mostly social and cultural (eg: social connection, physically active people, mental health, valuing cultural identity, ability to express identity, sense of community, sense of pride in community, perception of safety, civic participation) |
| <b>Who</b>                                    | Geographic Neighbourhoods (place-based)<br>Communities of interest (e.g. ethnicity, culture, demography etc)  |
| <b>How would we achieve this?</b>             | Principles: <ul style="list-style-type: none"><li>• One Council team taking an holistic approach to neighbourhoods and communities</li><li>• Community-led development</li><li>• Commitment to Te Tiriti o Waitangi and te ao Māori</li><li>• Enabling fair and equal participation by everyone in our city</li></ul>             |

# One Council team taking an holistic approach to neighbourhoods & communities

# Community-led development

From 'doing to'  
and 'doing for'  
the community

To 'doing with'  
and 'done by'  
the community

# Enabling activities that support wellbeing

One aligned and co-ordinated programme of work focused on outcomes in the following areas:

- Education, training and employment (literacy, digital skills; particularly young people)
  - Health – physical and mental health and food resilience
  - Safety
  - Arts and Culture (including heritage)
  - Inclusion and Diversity
  - Environmental sustainability
  - Active citizenship
- 
- More delivery through community-led development
  - Alignment of community funding
  - Targeting communities of interest, eg: young people, elderly.

# Optimising our shared spaces and places

- New overall strategic asset management plan will address how we meet demands of our growing community and future affordability of assets
- Making better use of what we have - existing facilities become more multi-purpose, many uses and users
- Includes greater community 'ownership' where appropriate
- Improved service and efficiencies through centralised booking system

# Delivering and enabling the services people need

- More services delivered locally, Council and other
- Better integrated services
- More digital services (Go Digital programme)
