**Code Compliance Certificate Accepted for processing  
BC220403 - 64 Waipounamu Drive KELSON 5010**

We are pleased to inform you that your Code Compliance Certificate (CCC) application, received on 2 October 2024 has been accepted for processing. Council is satisfied that the building work is complete, the CCC application form is filled out correctly, and all required documentation has been provided.

Processing your CCC application should take no more than a few days before we decide whether to issue or refuse to issue the CCC.

**Please note** that if we find an error or omission in your CCC application during processing, we will not issue a Request for Information (RFI). If we cannot resolve the issue by phone, we will decide to refuse the CCC, and you will need to reapply after correcting the error or omission.

If we decide to issue a CCC, it will not be sent to you until all outstanding fees from Council have been paid in full. To avoid delays, we recommend paying any unpaid fees as soon as possible.

Please contact us by email at [CCC.Responses@huttcity.govt.nz](mailto:CCC.Responses@huttcity.govt.nz) if you have any questions.

Ngā mihi
