#### **HOW IT WORKS**

All building work done in New Zealand must comply with the Building Code, and a building consent is often needed. Some building work is exempt from needing a consent. For more information go to www.building.govt.nz

Commercial and multi-unit building work will also need careful planning and may have additional requirements.

Your council can tell you about any district or regional plans that may require you to get resource consent or other permits.

#### WHEN YOU NEED A BUILDING CONSENT

The following list is a summary of building work that will need a consent, but you should always check with your local council to confirm.

- structural building including additions, alterations, re-piling and some demolitions
- plumbing and drainage where an additional sanitary fixture is created
- relocating a building
- installing a wood burner
- retaining walls higher than 1.5 metres
- fences or walls higher than 2.5 metres, and all swimming pools and their associated fences
- decks, platforms or bridges more than 1.5 metres above ground level
- sheds greater than 30 m<sup>2</sup> in floor area (restrictions apply to sheds between 10 and 30 m<sup>2</sup>.

You are breaking the law if you carry out building work that is not exempt and does not have a building consent. You may be fined up to \$200,000 and, if work continues, a further fine of up to \$20,000 for every day or part-day during which the offence continues.

Your council can also issue you a notice to fix for carrying out building work without consent, including instant fines of up to \$1,000. They can remove the building work if it is dangerous or insanitary.

#### **HOW TO APPLY**

As a minimum, the documents listed below must be included in your application. Depending type of application, additional documents might be required or requested while the Council/Territorial Authority (TA)/Building Consent Authority (BCA) process your application.

- Proof of ownership
- Detailed drawings and plans
- Specifications.

#### **HOW TO SUBMIT YOUR APPLICATION**

Check with the Council/TA/BCA you are applying to for more information on how to submit your application. Electronic submissions may be available with the relevant Council/TA/BCA on the simpli.govt.nz website.
