This is a submission by Georgia Davenport on the Proposed Lower Hutt District Plan 2025 ("PDP").

2. My contact phone number is [REDACTED]
3. I cannot gain an advantage in trade competition through this submission. I am directly affected by an effect of the subject matter of the submission that:
  - (a) Adversely affects the environment, and
  - (b) Does not relate to trade competition or the effects of trade competition.
4. The specific provisions of the proposal that my submission relates to are any provisions that will or may apply to subdivision, development and land use at 30 Benmore Place.
5. I am concerned that the PDP does not include the most appropriate objectives, policies and rules / methods to manage the use, development, and protection of natural and physical resources in a way, or at a rate, that enables the existing Manor Park community to continue to provide for our social, economic, and cultural well-being and health and safety. More specifically, I seek that the PDP provisions be retained or amended as required to ensure that any subdivision, land use, and development at 30 Benmore Place occurs in a way that avoids adverse effects on the natural environment and the existing residential Manor Park community, including its people, property, the transport network and public spaces. I seek any further, alternative, necessary, or consequential relief as may be necessary to fully achieve the relief sought in this submission.

Yours sincerely,  
Georgia Davenport
