Introduction

7. The proposed changes to the district plan has re-zoned our property at 66 Holborn Drive from Medium density residential to Large Lot Residential. I would like to learn of the justification for this proposed change. Has there been any studies highlighting a lack of reticulated water, wastewater, or stormwater services in our area?

I'm writing to have this change reviewed and wish the the current zone retain as Medium density residential.

Decisions Requested

#	Chapter	Provision	Position	Reasons	Relief sought
1	LLRZ – Large Lot Residential Zone MAPS	Zoning of 66 Holborn Drive	Oppose	<p>The plan states that this zone is used when “... areas where medium to high density development is generally inappropriate due to a lack of reticulated water, wastewater, or stormwater services, or access constraints.”</p> <p>I don’t believe there is inappropriate water, wastewater or stormwater for the few properties that are proposed to change to LLRZ. They are surrounded by other property that are not proposed to change. Access from Holborn Drive is easy and not limited.</p> <p>It is unclear what the rationale was behind this proposed change in zone.</p>	Zone at 66 Holborn Drive to remain as Medium Density Residential Zone
