

SARZ — Sport and Active Recreation Zone

The Sport and Active Recreation Zone covers sports fields and associated facilities that are primarily used for organised sports and informal active recreation within the urban areas of Lower Hutt, providing recreation opportunities for the community of Lower Hutt and the Wellington region.

This zone primarily applies to public parks, such as sports fields, golf courses and larger reserves with playgrounds.

Built development within the zone is typically limited to the development necessary to provide for and support recreation and community activities within the zone, including indoor sports facilities, community facilities, clubrooms, and maintenance and equipment sheds.

In providing for recreation and community facilities, sites in the Sport and Active Recreation Zone play a key role in supporting growth and a well-functioning urban environment.

While this chapter includes the core objectives, policies, and rules that apply to the Sport and Active Recreation Zone, other district-wide chapters of the District Plan, including those that apply overlays across specified areas, set additional objectives, policies and rules for all or part of the zone. As such, this chapter should be read alongside the district-wide chapters of the District Plan.

SARZ-PREC1 — Hutt Park Accommodation Precinct

The Hutt Park Accommodation Precinct identifies an area within the Hutt Park reserve that has a history of being used for holiday park-style visitor accommodation and ancillary activities.

This chapter includes specific objectives, policies and rules for the precinct. These objectives, policies and rules include notes that clarify whether they are in addition to or replace other objectives, policies and rules for the Sport and Active Recreation Zone.
