

Title: Sludge Disposal Policy

Adopted by Council: 16.12.97

Committee/Date: Hutt Valley Services 7.11.97

File Reference: WS61-02-11/WS61-08-15

Generated By: Wastewater Projects Division

Policy:

That Council:

- (i) notes the scope of the Design Build Operate contract for the Seaview treatment plant and bulk wastewater network is to include the disposal of sludge (including any processing required);
- (ii) notes and reaffirms the various general industrial wastes policies of the two City Councils set out in Clause 10 of the document “Development of a Sludge Management Strategy for the DBO Contract Documentation”;
- (iii) adopts the policy which will provide a market driven solution, consistent with the above general policies, for the processing and disposal of sludge from the Seaview treatment plant; and
- (iv) notes that the sludge disposal option implemented will be required to meet the resource consent conditions and acceptance criteria already established for the Silverstream Landfill and Seaview treatment plant. The contractor shall also be responsible for obtaining any additional consents the contracted disposal option may require.

The document “Development of a Sludge Management Strategy for the DBO Contract Documentation” is included in the hard copy of the policy register held by OCE and Group Managers.
