Inspection attendees:		

Specified Systems

Items to be checked	Help Text
	<ol style="list-style-type: none"> 1. <i>Is the specified system new, altered, added or removed? Please state.</i> 2. <i>Has the new specified system been installed as per the building consent?</i> 3. <i>Has the specified system been added and installed as per the building consent?</i>

4. *Has the existing specified system been altered as per the building consent?*
5. *Has the existing specified system been removed as per the building consent?*
6. *Are the functional relationships between specified systems as per the building consent?*
7. *Are the performance standards for the specified system as per the building consent?
If there are changes to the performance standards, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.*
8. *Are the inspections procedures for the specified system as per the building consent?
If there are changes to the inspection procedures, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.*
9. *Are the inspections frequencies for the specified system as per the building consent?
If there are changes to the inspection frequencies, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.*
10. *Are the inspection personnel for the specified system as per the building consent?
If there are changes to the inspection personnel, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.*

	<p><i>11. Are the maintenance procedures for the specified system as per the building consent? If there are changes to the maintenance procedures, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.</i></p> <p><i>12. Are reporting procedures for the specified system as per the building consent? If there are changes to the reporting procedures, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.</i></p>
	<ol style="list-style-type: none"> <i>1. Is the specified system new, altered, added or removed? Please state.</i> <i>2. Has the new specified system been installed as per the building consent?</i> <i>3. Has the specified system been added and installed as per the building consent?</i> <i>4. Has the existing specified system been altered as per the building consent?</i> <i>5. Has the existing specified system been removed as per the building consent?</i> <i>6. Are the functional relationships between specified systems as per the building consent?</i> <i>7. Are the performance standards for the specified system as per the building consent? If there are changes to the performance standards, has either an amendment to the building consent</i>

or minor variation to the building consent been granted for the changes. If no, fail the inspection.

8. Are the inspections procedures for the specified system as per the building consent?

If there are changes to the inspection procedures, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.

9. Are the inspections frequencies for the specified system as per the building consent?

If there are changes to the inspection frequencies, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.

10. Are the inspection personnel for the specified system as per the building consent?

If there are changes to the inspection personnel, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.

11. Are the maintenance procedures for the specified system as per the building consent?

If there are changes to the maintenance procedures, has either an amendment to the building consent or minor variation to the building consent been granted for the changes. If no, fail the inspection.

12. Are reporting procedures for the specified system as per the building consent?

If there are changes to the reporting procedures, has either an amendment to the building consent

	<p><i>or minor variation to the building consent been granted for the changes. If no, fail the inspection.</i></p>
	<ol style="list-style-type: none"> 1. <i>Is the specified system new, altered, added or removed? Please state.</i> 2. <i>Has the new specified system been installed as per the building consent?</i> 3. <i>Has the specified system been added and installed as per the building consent?</i> 4. <i>Has the existing specified system been altered as per the building consent?</i> 5. <i>Has the existing specified system been removed as per the building consent?</i> 6. <i>Are the functional relationships between specified systems as per the building consent?</i> 7. <i>Are the performance standards for the specified system as per the building consent? If there are changes to the performance standards, has either an amendment to the building consent or minor variation to the building consent been granted for the changes.
