

# Cuba Street Overbridge

---

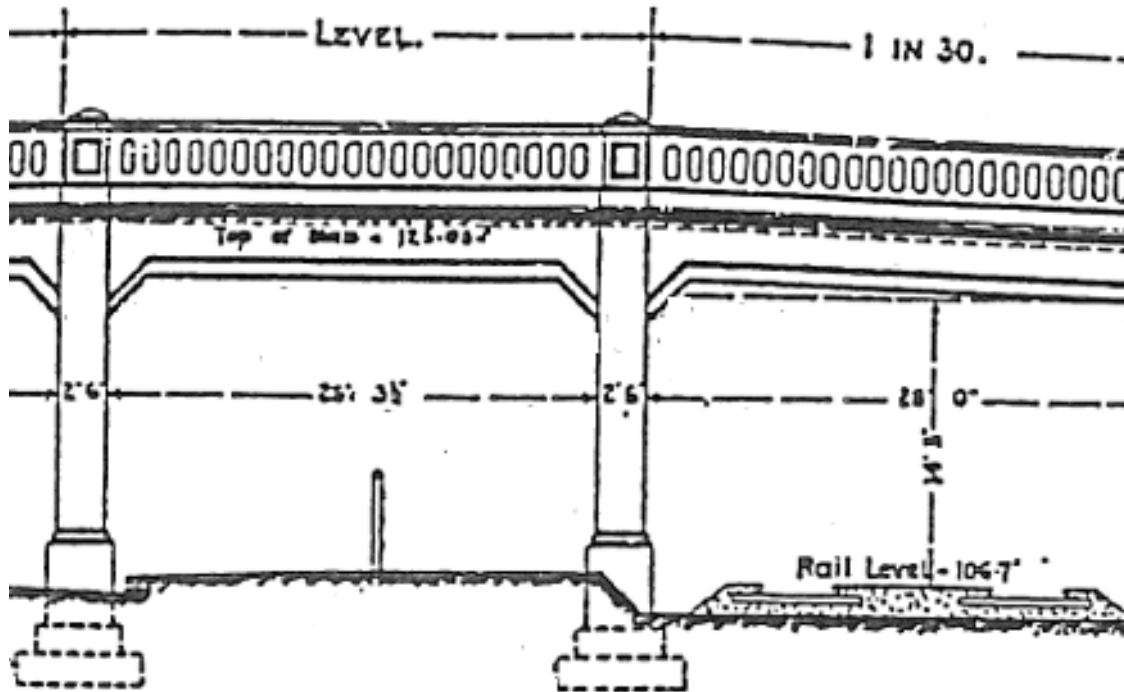

Seismic Assessment Project

# What are we **doing?**

---

# Why are we doing this work?

The bridge

- Is nearly 100 years old.
- Is a key North/South route in the event of an evacuation.
- Needs to be assessed against the current & upcoming National Seismic Hazard Models.

# What does this mean for **you**?

## During Phase 1

- The Overbridge will remain open.
- Minimal interruption on Wakefield St.

## During Phase 2

- The outcome of our survey will dictate any potential for disruption

## During Phase 3

- There will be disruption.
