Shifting gear to connect past, present and future

Petone Community Board Meeting

Monday, 18th August 2025

Project Update

- Recently hosted the Minister for Transport Chris Bishop at the southern end of the project
- 4 of the 6 sea walls are complete with installation of the concrete louvre walls
- Bridge installation has begun with 4 of the 6 piers installed and the delivery of girders that form the approaches
- Remaining bridge construction will be ongoing until Christmas
- Upcoming reef monitoring in late August/early Sept
- The main site office has now moved to Jackson St and replanting/remediation of Honiana Reserve is underway

Thank you.
