Kia ora Connor

Thank you for your information request of 20 April 2023, in which you have asked for data about waste and recycling.

Hutt City Council does not hold data about the proportion of total waste that is:

- processed (or held) at transfer stations in Lower Hutt
- processed by a Materials Recovery Facility (MRF) at a Lower Hutt City Council level AND the volume of waste recovered by a MRF
- disposed in a landfill vs is recovered/redirected/repurposed

Accordingly, your request for this information is refused under section 17(g) of the LGOIMA, on the grounds that the information is not held by the council and we have no reason to believe it is held by any other local authority or agency.

With regards to the other information you have requested, this will be contained in the Wellington Region Waste Management and Minimisation Plan. This plan will be released for public consultation in either July or August 2023, with a link being provided to the document on the Hutt City Council's website (www.huttcity.govt.nz). In particular, the Wellington Region Waste Assessment section of the Wellington Region Waste Management and Minimisation Plan will contain the information you have asked for. Because this information will soon be available publicly, we are refusing this part of your information request under section 17(d) of the Local Government Official Information and Meetings Act.

You have the right to seek an investigation and review by the Ombudsman of this response to your information request. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Please note that this response to your information request may be published on Hutt City Council's website. Please refer to the following link: www.huttcity.govt.nz/council/contact-us/make-an-official-information-act-request/proactive-releases

Ngā mihi

LGOIMA request for information

Submission Timestamp 20 Apr, 2023 at 13:54:32

Request ID LGOIMA2022-0087

Name s 7(2)(a)

Preferred method of response: Email

Email s 7(2)(a)

I am requesting information to seeking gain insights into Lower Hutt's waste production, processing and disposal.

Specifically, where possible could you please provide:

- The total volume of waste in tonnes from all sources produced in Lower Hutt over the past 10 years (a lesser number of years is acceptable) presented at a City Council (Waste Management and Minimisation Plan (WMMP)) level.
- The split of total waste as a percentage and in tonnes produced by Municipal Waste (MSW), Commercial and Industrial (C&I) and Construction and Demolition (C&D) as a time series for the past 10 years (a lesser number of years is acceptable) at a Lower Hutt City Council level.
- The most recent (ideally 2022) composition of total waste split by type of waste (e.g. organics/green waste, recycling, etc...) at a Lower Hutt City Council level.
- The most recent (ideally 2022) composition of residential recycling (e.g. metals, glass, plastics, etc...) at a Lower Hutt City Council level.
- The volume of MSW waste in tonnes split by the method of collection (e.g. collected kerbside, direct to landfill etc...)
- The proportion of total waste that is processed (or held) at transfer stations in Lower Hutt.
- The proportion of total waste that is processed by a Materials Recovery Facility (MRF) at an Lower Hutt City Council level AND the volume of waste recovered by a MRF
- The proportion of total waste that is disposed in a landfill vs is recovered/redirected/repurposed
