

20 July 2026

Laine Barnett

s7(2)(a)

Tēnā koe Laine,

Request for Information – Local Government Official Information and Meetings Act (LGOIMA) 1987

We refer to your official information request dated 22 June 2026, seeking information about publicly accessible toilet facilities recorded by Council.

Specifically, you are seeking information held relating to publicly accessible toilet facilities that are owned, operated, maintained, funded, managed, or otherwise recorded by Council, including facility locations, accessibility information, facility attributes, ownership or management details, and any associated photographs. You indicated a preference for structured data extracts (such as CSV, Excel, or GIS formats) and noted that operational records such as maintenance logs or inspection reports are not required.

Answer:

Council holds information relating to publicly accessible toilet facilities within a number of operational systems, including a GIS dataset used to support Council's public toilet mapping service and information maintained by Parks & Reserves and Facilities Management teams.

Please find attached a spreadsheet (Appendix A) containing the information held by Council that falls within the scope of your request and is readily available from existing records. The information provided includes facility names, location

information, coordinates where recorded, and other facility attributes currently held within Council systems.

Please note that Council is not required to create new information in order to respond to a request under the LGOIMA. Accordingly, some of the information requested (such as detailed accessibility specifications, transfer-side arrangements, door widths, construction and renewal histories, condition ratings, photographs, or other specialised facility attributes) is either not held by Council in a structured format or is not recorded within the systems used to manage these facilities. Consequently, some fields within the attached information may be blank.

Council does not hold a comprehensive dataset containing all of the specific accessibility and facility attributes listed in your request.

To the extent that information requested is not held by Council, that part of your request is refused under section 17(g) of the LGOIMA.

You have the right to seek an investigation and review by the Ombudsman of this response. Information about how to make a complaint is available at: [Office of the Ombudsman - Complaints](#), or freephone 0800 802 602.

Please note that this response to your information request may be published on Hutt City Council's website: [Proactive releases - Hutt City Council](#).

Ngā mihi nui

Senior Advisor, Official Information
