

18 October 2024

Richard Wagstaff

NZCTU President

nivek@nzctu.org.nz

Dear Richard Wagstaff

Thank you for your letter dated 20 September 2024, regarding the Government Policy Statement on Land Transport 2024–2034 and the recent National Land Transport Programme (NLTP) decisions.

We acknowledge the NZCTU's concerns raised about the potential impacts on workers, however, note your request appears to seek information specifically related to the broader public transport system.

At Hutt City Council, we are currently assessing the implications of the recent NLTP funding changes on our region. A specific estimate of the funding shortfall is not yet confirmed. Whilst we are unable to comment on wider public transport programmes or projects, HCC are committed to minimising disruptions to critical transport initiatives on our network.

Yours sincerely

Philip Rossiter
