Subject: LGOIMA request for information - LGOIMA2021-0001 -

Dear Corrinne,

Thank you for your enquiry. I can advise that Hutt City Council received an application for a 224C for 64 Waipounamu Drive and undertook an inspection last year.

The inspection noted a number of minor non-compliances that needed to be resolved, and the owner's engineer has been advised of these. The Council has not yet received their response to confirm if the non-compliances are now complied with.

As we have not yet received their reply, at this stage the Council cannot estimate how long it will be before we can do our sign off. Once the Council receives evidence that everything is complied with, we will check and sign off, promptly.

We recommend that you contact the owner or their agents to find out more.

Ngā mihi

Susan Sales
